The Pittsburgh Gazette.

THE *Post*, of yesterday, abuses General MOORHEAD for not contributing to the so-called Soldiers' Orphan Asylum in the Eighth Ward. This Asylum, we are assured, is purely a sectarian scheme, and has been, and is, carried on in the interest of a particular sect. Will the *Post* dare to deny that such is the case? There was, at first, an attempt to cover up this feature in its management; but it was found impracticable to continue the deception, and the Asylum is now conducted under the auspices of the sect to which a majority of those who established it, belong. It has not been usual, heretofore, to abuse public men for not contributing to such sectarian enterprises; but the impudence begotten of Johnsonism knows no bounds. The *Post* is much mistaken if it thinks it can make any capital against General MOORHEAD out of such attacks.

We Would Suggest.
To any of our readers who may wish to provide themselves, for cases of emergency, with a bottle of good Whisky, that Fleming, Druggist, No. 84 Market street, has a lot of Rye Whisky, manufactured expressly for him, by Thomas Bell, about five years ago, which, for excellency, has, we think, not its equal in this city. It is a pure article. We speak knowingly.

We Call the Attention
Of the public to the advertisement of Dr. C. W. Roback's Stomach Bitters in another column. These Bitters have become quite popular wherever used, and have received many encomiums of praise from those who have been the recipients of much benefit to a disordered system from their use.—*Lansing* (*Mich.*) *State Republican.*

Good Cider All the Year Round.
Sulphite of Lime.
Sulphite of Lime.
Sulphite of Lime.
Sulphite of Lime.
Sulphite of Lime.
One package of the above at twenty-five cents, will keep one barrel of cider perfectly sweet all the year round. Sold wholesale and retail by McClarran & McKennan, Druggists, No. 85 Market street, corner of Diamond, near Fifth street.

Lamps, Chandeliers, Gas Fitting, &c.
We yesterday paid a visit to the well known plumbing and gas fitting establishment of [illegible] Evans, No. 50 Wood street, near Sixth, and were pleased with an opportunity of examining all the latest [illegible] gas, oil, water and steam [illegible]. Mr. [illegible] has been selected with [illegible] and nothing is [illegible] of an inferior quality or [illegible]. The variety of pumps for garden and [illegible] hydrants, sinks, [illegible] tubs, and everything pertaining to farm or city dwellings, is remarkably fine. Mr. [illegible] gives his own attention and supervision [illegible] entrusted to his care, and no word [illegible] the high mechanical reputation [illegible] in this community. We most cheerfully commend him to the public.

Where to Obtain a Fine Picture.
That Pittsburgh excels in turning out heavy guns, massive castings and bulky pieces of [illegible] for the purposes of the industrial arts, cannot be doubted. But there [illegible] in which we [illegible] equally [illegible] the art photographic. The really beautiful gems of that branch of the fine arts, which are upon exhibition at Dabb's [illegible] and windows on St. Clair street, will fully [illegible] the specimens [illegible] Brady [illegible] national reputation, upon their execution of [illegible]. Mr. Dabbs [illegible] every department of his business, and takes especial care that every picture which leaves his house shall [illegible] his reputation as an artist. If any of our friends are desirous of obtaining a photograph [illegible] we can safely recommend them to favor this establishment with a call. [illegible]

CITY AND SUBURBAN.

(ADDITIONAL LOCAL NEWS ON THIRD PAGE.)

Boy Drowned—Outrageous Conduct.

A distressing and fatal accident occurred yesterday morning at about ten o'clock, in the Ohio river. Two boys named Frank Walker and Charles Essard, who work in the rolling mill of Lindsey & McCutcheon, while the mill stopped work for a short time, joined a third party and went out in a skiff to catch some lumber floating in the Ohio river. On reaching the lumber the third boy jumped on to it, jostling the skiff, and shoving it out into the stream, where it presently upset. Young Essard went down and before he could be rescued, was drowned. Walker, however, struck out strongly for the shore and at length, when he came along side of some coal barges, a heroic woman rushed over them, grasped him by the hair as he was about to sink, and saved his life. The body of the boy Essard has not yet been recovered. He was about twelve years of age and resided in the lower portion of Allegheny. At the time the skiff upset a man was paddling about in a boat near by, and although he was within easy reach and could have rescued the boys, he made no effort to do so. The brute who would thus leave two boys to the peril of drowning, should be hung for murder.

To Be Continued.

The enterprise—and the success too—of our friend T. A. McClelland, Nos. 55 and 57 Fifth street, are like Sylvanus Cobb in the New York *Ledger*—always "to be continued." He always has some new feature at his rooms to draw new customers and to interest anew his old ones. And the beauty of it is, his new features are always improvements, so we may expect that, after awhile, the limit will be reached. At present, however, we wish merely to call the attention of our readers anew to the regularly established features of this house, more particularly shoes. Everybody is wanting new foot gear just at this season of the year, and everybody desires—more particularly as the indications are that the rain will continue at least until one pair of boots or shoes shall be worn out—to get the very best and most durable articles. We say then, go to McClelland's. He has every conceivable variety and all of the very best. Call and see.

Margaret in Search of Lemuel.

Another sad case of certain misfortune and possible perfidy was yesterday detailed at Mayor McCarthy's office. Margaret Hall went there and stated that about one week ago she was married to one Lemuel Lepkins, an Englishman, hailing from Cincinnati. Margaret states that four days ago, Lemuel stated that he was going to work in Birmingham, and started, since which time nothing has been heard of him. She thinks he must either have been foully dealt with or wilfully deserted her, the latter she believes to be true, it having been intimated to her that Lemuel had another living, lawful wife when he married her. She thought that he might be in Cincinnati, and as she left the Mayor's office she announced that she would go at once to that city and find out whether Lemuel had another wife or not.

Serious Charge.

Until recently a man named Thomas McCarthy, has lived with his wife in a boat which he had moored in the Ohio River at Jack's Run, about four miles from Allegheny city. On the night of the fifteenth of August, 1866, the boat was set on fire, and together with its contents entirely destroyed.

McCarthy was suspected of having fired it at the time with a view of recovering the insurance, and a close watch was kept to develop if possible something more positive. On Monday an information was made before Mayor Morrison by John A. Croft, and officers Scott and Campbell, of Mayor Morrison's police, arrested the accused. A hearing was had in his case yesterday, and in default of bail McCarthy was committed for trial.

The Alarm Telegraph.

The great tower for the Central Alarm Bell in the yard of the Court House, is being pushed forward as rapidly as possible, and will be completed at a very early period.

The "tell tale" clock arrived yesterday morning from Boston. It will be immediately erected in the Central Office, in the front end of Wilkins Hall, above the Mayor's office. Wires will run from the street into the room and communicate with the clock. It is encased in rustic wood and is about ten feet long. Below the dial is an indicator, which will point to the number of the box from which the alarm proceeds.

Silver Wedding.

Captain J. Heron Foster, the senior editor of the *Dispatch*, last evening celebrated his silver wedding, as the twenty-fifth anniversary of his marriage with his estimable lady. The Captain looks as though he might live to celebrate his golden wedding, which we earnestly hope will be his good fortune. Mrs. Foster is in Europe, and consequently was not in attendance at the interesting anniversary, and the Captain, on his own account, dispensed the hospitalities of his mansion to the numerous invited guests in attendance.

Serious Accident.—At about one o'clock yesterday afternoon, Mrs. John Busby, living at No. 73 Smithfield street, met with a serious accident that well nigh proved fatal. Stepping out of the door, she placed her foot upon the cellar door in front of Mr. Anderson's tailoring establishment. The door was improperly adjusted and tilted up, and Mrs. Busby was precipitated head foremost to the bottom of the cellar, a distance of about twelve feet, striking her head among some rubbish and barely escaping the projecting corner of masonry. She was taken up insensible, and was found to have cut her right ear very badly and to have sustained several severe bruises. Her injuries are not considered dangerous, and she was comparatively easy last night.

The Continental Saloon.—Mr. William [illegible], the popular proprietor of the Continental Dining Saloon, (late Fricker Saloon,) Fifth street, next door to the Postoffice, has just received a supply of reed birds, turtles, fresh shell oysters, and other seasonable delicacies, which will be served up at the shortest notice and most reasonable rates. For a good, substantial meal, call at the Continental.

Coming to the Convention.—The Monongahela City delegation—a large one, by the way—to attend the Convention of Tuesday, have chartered a steamboat to bring them down, and will leave Monongahela City, in the morning.

The State officials at Columbus, Ohio, have informed Gen. Negley, by telegraph, of their intention to be present at the Convention.

Gone Over.—Mr. T. T. Everett, the talented associate editor of the *Commercial*, has deserted the ranks of the comfortable bachelors and gone over to the Benedicts. We wish our friend Tom and his young and beautiful bride, all the happiness imaginable. May no care nor sorrow rest heavily on their shoulders, in their journey together adown the river of life.

Mr. [illegible] Pope.—Mr. J. Wm. P[illegible], the talented vocalist and composer, will be in attendance at the Wilkinsburg meeting, advertised in another column. This announcement should be sufficient to draw a large audience, as Mr. Pope has no superior in the country in the trilling of notes and the composing of stirring ballads and songs.

[illegible] Meeting.—The Presidents of the various Geary Clubs of the city will hold a very important meeting to-night, at City Hall. It is proposed that there be held several [illegible]

[illegible]

The Allegheny County Agricultural Society—Sights to be Seen and Displays Worthy of Mention.

The managers of the Agricultural Fair, now being held at Iron City Park, have been very unfortunate, as every day since the exposition opened has been a dark, dull, rainy one. Yesterday was no exception. In the morning a cold, drizzling rain fell at intervals, while in the afternoon up till dark the heavens wore a threatening look and the air became raw and chilly. Last evening, however, we had a golden red sunset, which, we believe, is the forerunner of pleasant weather, and we trust in this instance the popular belief will not prove to be ill founded. Providing to-day is a pleasant one, we urge all of our readers to pay a visit to the Fair. The exhibition was never more attractive, never more worthy of close examination. The receipts thus far have been very small, but we trust there is a "better day dawning." We continue to-day our brief notices of the leading features of the Fair.

LLOYD'S GREAT MAP.

In referring to Lloyd's map of North America, now on exhibition at the Fair grounds, we desire to call particular attention to its accuracy. Engraved on steel, and covering twenty-four feet of canvass, it contains the names of more cities, towns and villages, together with railways, railway stations, postoffices, mail, emigrant, telegraph, dispatch and overland routes than any other map that was ever published. Imagine for a moment a perfect picture of the entire country, showing three million places, fifty railways, and sixty thousand, eight hundred railway stations, eight hundred thousand towns, villages, &c.; in fact, embracing everything and every place from the Polar Sea to the Isthmus of Panama, and you can form some idea of its greatness. The map is double, having on one side a map of the United States, with all the counties marked out distinctly, and on the reverse a map of North and South America. It is neatly hung on rollers, and is an appendage that every house and office in the land should be possessed of. Messrs. Corlew & Hughing are the sole agents for the middle, southern and western States, Mr. Corlew being the resident agent of this place. He will guarantee county rights to agents, either male or female. The map is bound to sell readily, and to an active, energetic man or woman a first rate opportunity to make money is offered.

EMPIRE SEWING MACHINE.

Everything that is suggestive of improvement is looked upon with interest, and it is on this account that the Empire Sewing Machine attracts so much attention. The stand of the Messrs. Carson, at which these machines are exhibited, is in the upper end of Domestic Hall and is arranged in a very tasty manner. The machines are very handsome. One peculiarity of this machine is that it works perpendicularly up and down, the needle being straight. Another is, that the work, in going through the machine, goes straight from instead of in front of the operator. This gives you a better opportunity of making a straight seam. Then it works in a noiseless manner, with great speed and simplicity. That this is precisely as represented is apparent from the fact that the Misses Addie and Nellie Anders, aged about eleven or twelve years, exhibit the operations of the machine in a most satisfactory manner to crowds of visitors. It is easily detached from the frame, being placed in a socket and kept there by the belt. It has neither cam nor cog wheel, and therefore runs with the least possible friction. As a specimen of fine workmanship it is difficult to surpass, and the Boudoir or Cabinet machine is really of elegant construction. It sews equally well through fine lace, cloth, leather, lead or copper, so that it answers equally well for the seamstress, dress maker, tailor, shoemaker, or coach maker. Again the stitch is precisely similar on both sides. In fact it has every requisite to recommend itself to any person in want of a first rate machine. Being of the latest make it has all the latest improvements. The sales room of the Messrs. Carson is at No. 20 Fifth street, but they will receive orders at the Fair ground during the continuance of the Fair.

WHEELER & WILSON.

So much has been said about sewing machines, and they have become so familiar to almost every one, that it appeared impossible to say anything new in regard to them. They have wrought such a revolution in the general economy of the household, and have become so indispensable, that they are nearly a thing of necessity.

The Wheeler & Wilson machine has successfully laid its claims to public favor. This is attested by the fact that the sales of the machine increased in one year from seven hundred and ninety-nine to forty thousand. The sales of the machine for the year 1865 amounted to over one hundred and twenty-five thousand, and there is a steady increase. To give an idea of the rapidity with which it works, we will mention the length of time it requires to make several articles:

NUMBER OF STITCHES MADE PER MINUTE.

	By Hand.	With Machine.	Ratio.
Stitching fine linen	23	640	28
Stitching Satin	24	520	22
Stitching Silk	30	550	18
Seaming fine Cloth	38	594	16
Pat Leather, fine stitching	7	175	25
Fitting Ladies' Gaiters	28	510	18
Stitc' Shoe Vamps	10	210	21
Binding Hats	33	374	11

When the machines are driven by power, the ratio is much higher—1,500 and 2,000 stitches per minute not being an unusual average.

The above table shows the immense difference there is between what can be done now with a good machine, and the laborious way of doing the same by hand. One is simply a pleasure. The other drew the very life's blood from the poor overtasked seamstress. If Hood had lived in these days he never would have written the song of the shirt. But the machines are on exhibition, and every one can judge for themselves. The office of William Sumner & Co., the agents for the Western country, is at No. 27 Fifth street, where orders will be received.

PATENT SKY-LIGHTS.

Mr. John N. Woodward is the patentee and exhibitor of a very ingenious contrivance that must recommend itself to the public, and more particularly to gardeners, horticulturists, or those who have green-houses or conservatories. It is a tin lining or covering for sash, fastening the glass to its place in a perfectly solid manner, making it air-tight, and such is its durability that Mr. Woodward will guarantee it for fifteen years, if kept properly painted. It is perfectly impervious to water, the cement hardening to the consistency of the glass itself. He will receive orders at his stand, in Mechanics Hall or will sell State or County rights.

W. H. WHITEHEAD'S DISPLAY.

Few of our readers who take any interest in Pittsburgh art are unacquainted with the abilities and talents of Mr. W. H. Whitehead, photographer, whose spacious rooms are located in the *Chronicle* building, Fifth street. Mr. Whitehead has long enjoyed a reputation as a first class artist, and his pictures are universally recognized as productions highly creditable to the art character of the city. At the Fair he has a fine display, of pictures chosen at random from the large collection in his reception rooms. These are remarkably clear and distinct specimens, and are equal in every respect to the best ever printed by the famous Brady. We believe Mr. Whitehead claims superiority for his *plain*, untouched photographs, and certainly they are very elegant and true to life. One group—and it is difficult to photograph so many persons as exhibited in it—is worthy of special mention. It is a large picture, containing a group of perhaps a hundred employees of the Union Line Express Company, of this city. Having personal acquaintance with nearly all of the gentlemen whose photographs adorn the collection, we can vouch for the truthfulness of the likenesses. Mr. Whitehead has also on exhibition a number of fine India ink colored photographs, which are perfect gems of art. Mr. Earle, the artist of the brush and pencil at this establishment, has few superiors in America in this particular branch of business. Our readers who visit the Fair should not come away without having closely examined Mr. Whitehead's specimens. It is a matter of congratulation to all lovers of the fine arts that we have such artists as Mr. Whitehead in our midst.

PATENT CEMENT.

Messrs. Williams & Cowan have on hand next to the Vapor Gas Lap Stand of the Petroleum Gas and Vapor Company, a specimen of their coverings for roofs, cellars, or anything that requires a fire proof cement. It is nothing more nor less than ordinary pasteboard, covered with a composition of slating cement, and such is its effectiveness, that a blacksmith's furnace brought into collision with the covering, failed to produce more than a slight charring, and that not sufficient for ignition. This roofing will prove invaluable, as it is put on at a small cost of from six to eight dollars per square. Orders will be received by the agent or county rights sold.

THE PEOPLE'S CHURN.

In another article we have referred to the drudgery of churning by hand, and we believe that all farmers' wives will agree with us in saying that not the least laborious of her household labors is that of churning. Bumping an old fashioned churn until the arms fairly ache is not pleasant. Mr. L. Mooney, whose city place of business is at the corner of Market and Fifth streets, where he keeps on hand a large stock of wooden and willow ware, has invented a churn which he has on exhibition at the Fair ground, which will relieve those who are engaged in making butter. It brings the butter in from ten to fifteen minutes, gathering it as it forms into two round rolls, so that all that is necessary is to lift it from the churn. He will sell either State or county rights, and for an enterprising man with a small capital it is a first rate chance for a small investment. That it will meet with a ready sale as soon as its merits are explained, we do not for a moment doubt.

THE AUTOMATIC CHURN.

Among the machinery in Machine Hall, the visitor will be forcibly struck with a very odd piece of furniture, supporting a full sized churn, and working rapidly at the task of producing butter upon its own account. No person is visible, but still the new-fashioned house-wife goes on working steadily, and producing the best of butter in the shortest time imaginable. It is the famous Automatic Churn, a recent invention by N. E. Wilson, Esq. The churn is all that it is represented, if not more. By the aid of simple machinery it accomplishes in a few minutes the work of hours. Indeed, it may be said truthfully, that it produces more solid butter in less time than would reward the manual labor of the most skillful churner. This churn has excited the attention of some of our first class machinists, who look upon the principles involved in the machinery as something new and novel. All agree that it is an invention long wanted, and that it will eventually supply the long felt want in the dairy of having accomplished by machinery a task most arduous to the farmer. Every farmer should call and see this machine. Wound up by the most simple process, giving an impetus to steel springs, made to oscillate [illegible] itself to all who are acquainted with the irksome duty of churning. A number of county and State rights are offered for sale, and we can imagine no better investment. The Automatic Churn will soon be found in every dairy and farm house in the land, and its introduction to popular favor will prove an easy matter, since its value is at once apparent upon examination. Mr. Wilson's headquarters in the city is at John Hall & Co's, No 121 Liberty street.

ANOTHER CHURN.

Every person who adds to the comfort of the human race is a public benefactor. As long as man has to labor, man will be at work endeavoring to simplify and reduce that labor so as to make it as near like play as possible. Such a man is Jacob Boyer. Messrs. Morris & McBurney, of West Middlesex, Pa., have on exhibition at the Fair ground, in Mechanics Hall, a churn of his invention, so simple in its construction that a child can work it, and so certain and speedy in its action that the butter is made almost before you have fairly got to work. Every one who sees it is pleased with it. They are selling county or territorial rights, and we learn that they sell very rapidly. The principle of the churn is a shaft having four perforated flies, the shaft being turned with a crank and cog wheels. It does its work very rapidly.

AGRICULTURAL IMPLEMENTS.

There are none who enter the Fair grounds who will fail to witness the attractive exhibition of our friends Beckham & Long. We think without exception they have the largest display of agricultural implements on the ground. We would desire to go into a minute description of their stock, but the limits of this paper would not allow it. Their farm grist mill, and some other articles, have already been alluded to. The dog power machine, at the Pagoda of Mr. E. P. Carpenter, will attract the usual attention. The cider mill, just below the machine shop, invites every person to taste the cider. Their reapers and mowers, pole pruners, coal shovels, butter prints and nest eggs; hay knives and cutters; pruning and pocket knives; garden and field hoes; grass hook, spice mills, root and vegetable cutters—and in fact everything that the agricultural eye can look upon is there in splendid display. But if their stock at the Fair ground is rich and seductive, what shall we say of their store, No. 127 Liberty street, where every thing can be had that the agriculturalist or mechanic can call for. A glance at their display is sufficient.

W. T. PURVIANCE & CO.

The fame of Messrs. W. T. Purviance & Co., No. 4 St. Clair street, as practical scenic photographers is generally known throughout the State. Making this department of the art a specialty they have to a certain extent entirely monopolized it. The idea is good, since there can be no truer sketch taken than those procured by the aid of the sun, and persons desiring to advertise their places of business, or to furnish their friends with faithful pictures of their elegant city or county residences, are afforded an opportunity to do so, at trifling expense. The exhibition they make of fine photographic views, scenery, church structures and palatial residences is a rare treat to the lover of the beautiful. Messrs. Purviance & Co. attend to all such work, and will, at very reasonable rates, furnish their truthful sketches to any who may order them. The instruments used in taking those pictures are capable of faithfully sketching a space of seven miles in extent, so that the widest landscape to the human eye can be encompassed with ease in a very small space. The firm have also on exhibition a fine display of plain and colored photographs in which they sustain their high reputation. Do not pass their stall without closely examining specimens of their work.

LIGHTNING RODS.

One of the most fearful and fruitful sources of disaster is that of lightning, and it is almost criminal on the part of those who live in, or have buildings in exposed positions, not to have them protected. Lightning rods are the only sure protective, and these to be perfectly certain must be of the very best kind. Messrs. Lockhart & Co., of Duquesne way, just below the Hand street bridge, have on exhibition at the Fair the best thing of the kind we think we have ever seen. It is Munson's copper tubular lightning rod, made of copper, in a tubular spiral shape, with points of solid copper thoroughly plated. The joints are so constructed as to form a perfect continuity from one end of the rod to the other. It costs but thirty cents per foot, and three dollars for each top, which brings it within the reach of all. Its great surface makes it a sure protection in all cases. These rods took the first premium at this Fair.

R. M. CARGO'S PICTURES.

One of the most beautiful displays of paintings and photographs we have yet seen is that of R. M. Cargo, in Floral Hall. The visitor upon entering the grounds comes immediately upon it at the first entrance, and therefore it cannot escape attention. It is a collection of very fine oil paintings, together with photographs of our most distinguished citizens. One combination picture contains a photograph of Mr. Lincoln and the different members of Congress, Hon. Schuyler Colfax occupying the centre medallion. A very handsome likeness of Governor Curtin also occupies a prominent position. The oil paintings, as works of art, are very fine, and as portraits, the likenesses have been adhered to in a most truthful manner. Mr. Cargo's galleries in the city are in the *Dispatch* Building, No. 69 Fifth street, and at 79 and 81 Federal street, Allegheny.

HYDRO CARBON STOVE.

In this progressive age, the almighty dollar is a matter of the utmost consideration. Every person desires to become rich, and while some do it by speculation, others do it by saving. That after all is the only legitimate way. A good stove and a cheap one is one of the greatest comforts of household economy. The Hydro-Carbon Stove company, whose office is at No. 289 Penn street, claims to have succeeded in arriving at the greatest point of perfection. They manufacture a stove that consumes one gallon of oil to three gallons of water, thus bringing into the field a heretofore unused article of combustion. It is claimed that the water not only add greatly to the heat, but deodorizes the atmosphere, thereby leaving the rooms free from any unpleasant smell. The principle can be applied to all kinds of stoves, ranges, furnaces, oil refineries, and steam engines, or it can be put in parlor grates or fire places, and does away entirely with dirt or ashes. It will bake bread or roast beef. The gentlemen who have it on exhibition amuse themselves by cooking various articles of food in one of them on the Fair grounds, making a very savory smell. These stoves are manufactured by Messrs. Addy, Williams & Bartley, corner of Sixth and Smithfield streets, and are well worthy of attention. They can be seen at their store as well as at the Fair ground, and on the ground of cheapness alone, they recommend themselves to the public. Their cooking qualities are beyond dispute, for they have been tested in a most thorough manner.

CARPETS, RUGS, ETC.

The old established house of McFarland and & Collins, Nos. 71 and 73 Fifth street, dealers in carpets and articles of a like description have a very handsome display of carpets, rugs, piano covers, oil cloths, mattings, &c., in Domestic Hall at the Fair. Some of the rugs on exhibition are, we think, the handsomest we have ever seen. The piano covers, some of which are worked with the needle by hand, also attract a great deal of attention by their extreme beauty. They have also a beautiful display of cornices and window shades. At the last Fair their exhibition was magnificent, and this time it would have been more so had it not been for the terrible weather. Their stock of goods in the city is very large and handsome, embracing as it does everything generally kept in a carpet store and of every quality and description. A visit to the store always gives the visitor pleasure, and Mr. McFarland and his large corps of attentive assistants take great pleasure in showing their goods.

CLOTHES WRINGER.

We have before noticed the beautiful stock of goods, many of which are his own manufacture, of Mr. J. H. Richards. His display is in centre of Mechanic's Hall. He has one article which will commend itself to lady visitors. It is the Champion Clothes Wringer, with or without cog wheels. The rolls are over three inches in diameter, thus allowing room for springs inside of the roll. The machine is fastened to the tub by means of a patent curved clamp, which has an equal bearing on the tub; instead of being fastened to a single stave. A child of eight years old can fasten it securely to the tub. This machine has taken the premium at a great many fairs, and must become a favorite. There are so many other articles in Mr. Richards' stock that a page would not enumerate them, but visitors always stop to admire the beautiful display as they pass it.

MARBLE BATH TUB.

Adjoining Mr. Richard's display is a most beautiful marble bath tub, with silver-plated attachments, from the celebrated establishment of Messrs. Jarvis, Halpin & Co., No. 35 Fourth street. The tub, in connection with a very handsome washstand, arrests the attention of every passer by. This firm are prepared to do anything in the line of plumbing, gas or steam fitting, their stock being very extensive. They turn out superior work.

PENMANSHIP.

The display made by the Iron City College, at the present Fair, far surpasses, both in variety and excellence, anything that has ever before been witnessed here, and we doubt if another such a collection of pen work can be found in the world, certainly not in this country. If Professor Cowley had never executed another stroke than what is now on exhibition, this, of itself, would be sufficient to stamp him as the most accomplished penman in the country. We would advise every one who visits the Fair to take a look at these matchless specimens of writing, flourishing, pen drawing, &c. Every specimen is a distinct wonder. The plain penmanship is as regular and smooth as copper plate. Indeed, the *plain* penmanship of Prof. Cowley surpasses in beauty and finish the *ornamental* penmanship of most other men. The pen drawings of this collection are simply marvelous. One feels almost incredulous when informed that these beautiful designs, so smoothly and so gracefully traced, were traced with a pen directly on the paper, instead of with a graver on the surface of the steel plate. Each specimen is well worthy of seperate and continued study.

ROPES AND CORDS.

At the entrance of Mechanics' Hall are placed a very fine collection of Manilla, Tarred, and Hemp Ropes, which attracts universal attention. We carefully examined the specimens, and could hardly believe that so important a branch of Pittsburgh manufacture, received so little attention from those interested in the statistics of our commercial growth. These specimens certainly cannot be equalled by those produced by any other manufacturer in the Union; they cannot be surpassed by any other perhaps in the world. We made inquiry and learned that these specimens are upon exhibition by the Pittsburgh Rope Works, owned by Messrs. Marshall, Fulton & Bollman. These works connect the remote period of Pittsburgh manufacture with the present, and almost extend back to the foundation of our government. They were first established in 1790, and since then have grown enlarged to their capacities, and to-day stand [illegible] in importance in the country. The specimens upon exhibition are nine [illegible] and a [illegible] coil of [illegible] which is [illegible] of care, and from appearances will withstand the greatest of pressure or straining. There are a number of other very beautiful specimens of rope upon exhibition, and persons engaged in any business requiring its use should examine them carefully. The firm of Marshall, Fulton and Bollman, Nos. 114 and 115 Water street, manufacture to order twine, manilla cordage, sand pump rope, American hackled hemp tarred cordage, hemp rope, spun yarn, hemp packing, oakum, bell cords and bed cords. They are fair dealing, honorable gentlemen, and we sincerely commend them to the patronage of the public.

PLUMBING GAS FITTING &C.

There is an exhibition of plumbing work in Mechanics Hall, that is worth more than a passing notice for the mechanical skill displayed in its workmanship. We refer to that of Messrs. Tate & Seville, of 227 Liberty street, Pittsburgh, and 59 Federal street, Allegheny. It consists of a complete arrangement of washstands, bath tub, and water closets with all the plumbing arrangements attached. The washstands are very superior articles, being handsomely carved, and highly ornamental. The bath tub is of oiled walnut with tinned copper lining, having a hot and cold shower bath attached, but it is the superior workmanship displayed in the making of joints, and the general putting together of the pipes that attracts the mechanical eye. It is very fine. Connected with their display is a range of peculiar construction, that has many points to recommend it. Over the stove is a rack for the purpose of keeping meals warm. Then the stove is so arranged that the heat can be regulated so that during the winter, a volume of hot air can be thrown out into the room. The range consumes but little fuel. Dampers are so arranged that one or both ovens can be heated at the same time, or be so regulated as to give any quantity of heat to either. The boiler is of wrought iron and can not be bursted, besides which, by means of a manhead it can be cleaned by the person who uses it. They have also a portable range which recommends itself at first view. These ranges are of Cincinnati manufacture, and Messrs. Tate & Seville are the sole agents.

SPRING GARDEN NURSERIES.

Who cannot admire flowers! When man is lost to all the ennobling virtues of his kind he may tread upon the modest daisy or pass by unheeded the beautiful blue violet. We belong to no such class of mortal beings, and cannot pass through the many attractions of the Fair without making special notice of the truly beautiful display of fine cut flowers and choice floral beauties found at the stall occupied by Messrs. J. W. Elliott & Bros. There we find a little paradise round which we could linger for hours and hours and ne'er feel the time pass. It is a grand display of the choicest varieties of the field, pets of the summer house, and fruits of the vine and orchard. Hanging baskets of ivy and evergreen, delicate boquets of flowers that seem too tender for earth, fruits that tempt the palate and puzzle the imagination to discover their reality. Then in the centre we have the rustic tabernacle, rearing its ivy covered head heavenward and seeming to say, "retire within and find the sermon contained in the flowers about me." This truly grand display is but a counterpart of the extensive nursery of the Messrs. Elliott, which is located on the Brownsville road, six miles south of the city. They have long been recognized as among the most skillful and successful horticulturists of the State. They deal extensively in the propagation of fruit and ornamental trees, vines, plants, berry stocks and every other description of nursery stock. The fashionable community are well aware of the rare taste and excellence of the party, concert or theatre boquets supplied from the Spring Garden Nurseries, and we feel it to be useless to urge upon them the favorable impression we formed of the superior character of the flowers cut from the parent stocks found now on exhibition at the Fair. Having personal acquaintance with the gentlemen composing the firm, we cordially commend them to the purchasing community.

OIL TOOLS.

In these days of petroleum and oil wells everything pertaining to the procuration of the greasy fluid is examined with interest. Mr. R. H. Lecky, Nos. 32 and 34 Ohio street, Allegheny, practical machinist and engine builders, and also manufacturer of oil tools, has on exhibition, in Mechanics' Hall, an extensive display of oil tools. It is in the improvements he has made in his jars and joints, however, that he claims a specialty. These tools are made of the very best low moor iron, although he also makes them of Sligo or Juniata iron at the buyers option. These tools are made to standard sizes, so that the pins and sockets of any one set fit any of his manufacture having the same number. He also manufactures sand pumps, and all tools pertaining to the boring of oil or other wells, even to the engines themselves; and being himself a practical machinist, is a sufficient guarantee that any work turned out by him will render entire satisfaction. As a proof of this we mention the fact that in all cases where he has furnished companies with tools, they have invariably purchased of him when wishing to obtain more. Wherever they have been used, they have rendered perfect satisfaction.

A FINE HORSE.

Mr. Wm. Irwin, of Livermore, Westmoreland county, has on exhibition one of the finest specimens of a horse we have ever seen. He is a coal black stallion, three years old; was sired by an imported Leicestershire stallion, (imported in 1859.) His dam was a black Morgan; raised in Vermont. He is a most majestic animal, with a keen, flashing eye, arched neck, flowing main, and a silky tail that sweeps the ground. His weight is thirteen hundred and eighty-five pounds.

ADMIRABLE PEN WORK.

The man who writes a good hand possesses one chief accomplishment of a business man and a gentleman. Judging by the specimens of penmanship exhibited at the Fair by Prof. Newton Shaffer, if his other accomplishments are at all comparable to his chirography, he is a rare scholar and a most finished gentleman. We have seldom seen finer specimens than those of his exhibited this season. His specimens of business writing, ornamental penmanship and pen sketching, are all admirable. The Professor is no less successful as a teacher than as an artist. At his Commercial College, on St. Clair street, he has constantly large classes, whom he instructs not only in penmanship but in all the other branches of a business education, and his success is almost unbounded. During the Fair Professor Shaffer gives daily expositions of his system to all the visitors who choose to listen. Whoever attends, attends with profit.

IS IT PENMANSHIP?

Any person entering Floral Hall is struck with some beautiful specimens of art exhibited near the centre of the building. At first he is in doubt exactly as to how they should be classed—whether as engravings or as penmanship, and it is only by close scrutiny that they are seen to be specimens of chirography. They show splendid workmanship and more than workmanship—a fine sense, both in design and execution. They are the work of Mr. C. C. Cochran, in the High School building, Mr. Cochran, striking out from the usual line of Commercial teachers, has supplied, in his teaching practice, a want that has long existed. He has established, in the High School building a Night Business School. All the branches of a good business education are taught, but more particular attention is paid to penmanship. The flourishing condition of the night classes as to numbers proves how well the system is appreciated, and the admirable specimens exhibited prove what good qualifications the teacher has.

WAGONS.

Messrs. Phelps, Park & Co., whose office and wareroom is at No. 16 St. Clair street, and whose wagon factory is on Beaver street near Locust street in the Borough of Manchester, have a very fine collection of wagons, carts, timber wheels, wheel barrows, &c., near the machine shops on the Fair grounds. One pair of their timber wheels are ten feet in diameter, and are capable of carrying a weight of ten tons. They are intended for Louisiana. The carts recommend themselves to the farmer or gentleman owning grounds, on account of the great breadth of the tire, which prevents it from cutting the sod. A very handsome spring wagon attracts much attention. All of the vehicles and wheel barrows are painted very handsomely, and make a very fine display.

THE ART PICTORIAL.

The magnificent photographic display at the present Fair, proves that Pittsburgh may safely presume to take rank among the first cities in the country, in the matter of Sun Pictures. Other cities make more fuss about the matter, but few cities possess finer artists or show a fairer display of beautiful pictures. Standing well forward in the front rank of our photographic artists, is Mr. B. L. H. Dabbs, who has his studio at No. 26 St. Clair street. The large and varied assortment exhibited at the Fair by this artist—ranging from the plain *carte de visite* to the life size and magnificently colored portrait—would establish beyond all peradventure, his claims to the rank of a first class artist, if those claims had never been established before. Mr. Dabbs does not content himself with producing a picture that "looks something like" the original, but while his pictures are produced with the most striking fidelity of likeness, to feature and expression, they also possess the true artistic tone of the finest portraits by the masters. This is one of the rarest achievements of the photographic art, and in making this achievement so thoroughly as he has, Mr. Dabbs has completely established his claims to the rank of a first class *artist*. The large colored photographs produced at his rooms are exquisite masterpieces and command universal admiration. No oil portraits or chromo lithographs could be finer. The smaller photographs are not less admirable, while the soft beauty of the porcelain pictures is unequalled by any other style. Persons who have never visited Mr. Dabbs' gallery, can see its excellencies well displayed at the Fair.

STOVES, GRATES, &C.

Messrs. Graff & Hugus, whose stove warerooms are at Nos. 206 and 208 Liberty street, have a very large and handsome display of stoves, grates and ranges, in Mechanics' Hall. Their range presents for its advantages, that it does not require the person cooking to stoop to the ovens, as they are in the upper end of the range. Then again, the stove plates being in front, all the light in the kitchen is obtained, and in a basement kitchen would make a very considerable saving in gas. The boiler is of copper, and stands at one side of the range. In the cooking stoves—of which there is a variety of patterns and sizes for wood and coal—we noticed some excellent improvements. Some of them have a boiler attached, so that at all times when there is fire in the stove, there is a supply of hot water on hands. A kitchener for keeping victuals hot, or heating plates, is also attached to them, although attachment can be purchased with the stove or not, at the option of the purchaser. In the heating stoves we noticed one that has a perforated chamber in the top, which is so arranged as to make the stove a smoke consumer. In one of the grates we noticed an improvement in dampers. There were three in number, and were so arranged that the fire could be regulated to suit the convenience or comfort of the person using it. By drawing out one damper you have a moderate fire; two gives you more, and when all are open the fire burns freely. At night when you wish to retire, by pushing in all three of the dampers your fire will keep all night. The style of back wall, and the arrangement for throwing heat into the room is also an idea of their own, and at once recommends itself. The different styles of finish to the grate fronts are very handsome, some being of a mahogany color, and some being finished with silver plating. There are many other noticeable features in this stock that will attract the passer by. Mr. Hugus himself attends at the Fair and explains every thing in connexion with his articles.

GLASS WARES.

A short distance from Floral Hall, is the elegant display of lamps, chandeliers and glasswares, of Arthur Kirk, whose place of business is at Nos. 172 and 174, Federal street, Allegheny City. The stock from which these articles are selected, is very large and complete, and Mr. Kirk has his hands pretty full filling orders. This he can do at the fair grounds as well as at his store, and persons desiring to purchase, can have their goods securely packed at the grounds, and shipped to any destination they may desire. His stock of chandeliers is very large, and he has them arranged for either gas or petroleum, or both. Both sides of the portion of the buildings occupied with glass ware belong to Mr. Kirk, so that you must see both sides in order to see all he has.

SCALES.

Messrs. Forsythe, Taylor & Co., scale manufacturers, whose place of business in the city is at No. 39 Market street, have a very handsome stock of their famous platform and counter scales near the machine shop. Their stock embraces everything in the scale line, from the small scale belonging to the housewife's pantry, up through the gradation of counter and platform, to the immense hay scale. They have one of their hay scales on exhibition at the Fair ground, in connection with their others.

KEELER'S RAILWAY SCALE.

A few days since we mentioned the fact that Mr. J. F. Keeler had just erected at the outer depot machine shop of the Allegheny Valley railroad one of his monster scales for the weighing of loaded cars. This scale is similar in its construction to the one hundred ton scale at the Fort Pitt Foundry, and that at Altoona, on the Central railroad. He has now one erected in the Fair grounds, and yesterday was engaged in weighing horses, one weighing 1,385, one 1,510 pounds, one 1,565 pounds, one 1,315 pounds, and one 1,687 pounds. As their owners knew the weight of their animals before they placed them upon the scales, their accuracy was sufficiently tested.

THE CONCLUSION.

If the day should be fine, we expect to see an uncommon throng at the Fair grounds today. One day of good weather would give an impetus to everything, and we know that the Managers deserve a better fortune than has befallen them. Monday will close the regular exhibition, after which it will be kept open during the continuance of the Convention, should exhibitors so desire.

Criminal Court.

Court met yesterday morning at nine o'clock, Judges Mellon and Brown on the Bench. The first case taken up was that of Abraham Myers, who pleaded guilty to an indictment for an aggravated assault and battery, and was sentenced to pay the costs of prosecution and a fine of fifty dollars.

The next case was that of Edward Magee, who was tried on a charge of committing an assault and battery upon Anthony Fowler, and the jury found a verdict of guilty. Sentence deferred. Anthony Fowler was indicted for assaulting Edward Magee, but the jury found a verdict of not guilty, and directed the prosecutor to pay the costs.

SELLING LIQUOR WITHOUT LICENSE.

John Bentz pleaded guilty to selling liquor without license, and was sentenced to pay a fine of fifty dollars and the costs of prosecution. C. Engel pleaded guilty to a similar charge, and was required to pay a fine of ten dollars and costs.

BURGLARY.

The case of Henry Brown, charged with burglariously entering the residence of Eli Wycoff, in South Pittsburgh, on the night of Friday the 20th day of July last, was next taken up. From the evidence elicited it appears that Brown had been out of employment for some six months prior to the night of the burglary, and had been living in Mount Washington in rather indigent circumstances. The morning after the robbery, however, he disappeared and on search being made for him he was found in a hotel in the Ninth ward, where he had spent over $100. He was arrested and brought to the Mayor's office where he was searched and $200 found in a breast pocket. This money was subsequently identified by Wycoff, by several private marks as a portion of that stolen.

The defense attempted to prove that Brown had brought this money from England some four years ago, having exchanged gold for it in New York. On examination, however, it proved to be some of last year's issue of national currency and the defense in that particular failed. Judge Mellon charged the jury at half past three, and they retired to deliberate on their verdict. At the hour of adjournment they were still out.

HIGHWAY ROBBERY.

Daniel Green and William Jameson were next arraigned on a charge of highway robbery, preferred against them by John Sweeny who alleges that on the night of the 20th of July last, the defendants knocked him down on Webster street, in the Third ward, and robbed him of $375 in paper, $25 in gold, and a silver watch valued at $18.

The prosecutor in taking the witness stand swore positively to the identy of the accused, but admitted that at the time of the occurrence he was under the influence of liquor—so much so that he could not tell exactly what preceded the affair, or what took place immediately after. The defense rested their case upon the proving of an alibi and the previous good character of the defendants. Quite an array of witnesses were examined, both for the defense and prosecution. The case was on trial at the hour of adjournment.

The Fire at Eliza Furnace.

We mentioned yesterday the partial burning of the Eliza Blast Furnace of Messrs. Laughlin & Co., at Laughlin's Station, on the Connellsville Railroad. It seems that a kerosene lamp which was standing in engine room exploded, scattering the burning oil in all directions. A quantity of combustible material was lying in the engine room and ignited. The building was a frame one and was soon in a blaze. The stock house, also of wood, immediately adjoined this portion of the works and before the flames could be checked they had destroyed this entirely. Preparations for a cast had just been completed, and both cupolas were full of metal, each having about one hundred tons in it ready for the blast. These immense masses of metal were ruined and yesterday were being "picked out" of the stacks. If the metal can be got out before it chills, the cupolas will not be damaged; otherwise they will be completely ruined. Large quantities of fuel and apparatus were in the stock house and were completely destroyed, and the machinery and engines were considerably damaged.

No accurate estimate of the loss can yet be made, but it will reach to within $50,000 or $60,000. On this there is an insurance of only $15,000 in the Western and Monongahela companies.

Owing to the frightful state of the roads at the time of the fire, most of the engines gave up the attempt to reach the spot and returned. The Relief, however, pushed ahead and reached the scene of the conflagration. It was well they did so, for their services were sadly needed. Not even a hand engine was available there, and the Relief was the only aid to be obtained. They did excellent service, and besides saving a portion of the works they, aided by the falling rain, preserved from destruction the row of tenement houses standing next the furnaces.

One of the most serious items of damage resulting from the fire is the fact that the furnaces will have to go out of blast and await repairs. The loss of the required time will be a serious disaster.

Epidemic Influenza

Appears to be prevailing at the present time to an alarming extent; nearly every third person you meet has a wheezing and dripping from the nose. Sometimes it is attended with hoarseness and cough. One thing is certain, it has its origin in an inflamed state of the mucous lining of the throat and nose, and there is no better remedy for it than "DR. POLAND'S WHITE PINE COMPOUND."

Not only is Poland's remedy a good one for influenza and Catarrh, but it is equally efficient in all diseases of the urinary organs, or mucous tissues anywhere. Old standing cases of Catarrh or disease of any of the mucous membranes of the stomach or bowels, will find in "Dr. Poland's White Pine Compound" a remedy of more than ordinary value. Unlike most terebinthinate preparations, it is pleasant to take and sure in its power to cure. The value of the Turpentine Compound in diseases of the kind alluded to, has long been known to medical men, and of all remedies of that class "Dr. Poland's White Pine Compound" heads the list. You can get it by the gross, dozen or single bottle, at Dr. Keyser's, No. 140 Wood street.

Dress Goods.

Among the many establishments which presents a beautiful display of goods to the passer by, there is none in the city that can surpass that of our friends Bates & Bell, No. 21 Fifth street. We care not how crusty the old batchelor, or how penurious the miser, he cannot pass the windows of that establishment, and look therein without seeing something that he would fain see upon some lady friend of his—for all have friends—and forthwith he goes in and purchases. And then it appears to be the meeting place for all the handsome ladies in the city. On several occasions while in search of items, we have been attracted to the place by the crowd, and upon inquiry would find that it was only a crowd looking at the fine goods, and at the—ladies. Bates & Bell have a reputation for selling fine goods at the lowest prices, which they are bound to sustain. We do not ask any one to take our word for it, but go and see for yourselves.

The Firemen and the Procession.—The demonstration by the firemen of the city will be a prominent feature in the welcome of the soldiers and sailors to Pittsburgh. The Duquesne Fire Company, we learn, propose turning out one hundred fully equipped members, in addition to a number of their members who will parade with the Second Ward "Boys in Blue." The firemen will have charge of the fire works during the procession, and a grand turn out of the Department should be had.

Boys in Blue.—There will be a meeting of the Boys in Blue at Mont's Hall, Chestnut street, Allegheny, this (Saturday) evening. Speeches will be made by Lieut. W. B. Cook, Sergeant J. W. Kerr, and L. P. Stone, Esq. Let there be a grand turn out.

Prepare With Flags to receive the brave defenders of our country who will assemble here next week. Pittock has just received fifteen thousand flags and lanterns which he will dispose of at a slight advance over cost.

MARRIED.

EVERETT—COLLINGWOOD—At Radebaugh, near Greensburg, Westmoreland county, Pa., on Thursday afternoon September 20th, 1866, by the Rev. Herrick Johnson, Pastor of the Third Presbyterian (N. S.) Church, of Pittsburgh, Ca. Mr. THOMAS T. EVERETT, of the Pittsburgh Daily *Commercial*, to EMMA, second daughter of the late Thomas M. Collingwood, Esq., also of Pittsburgh. No cards.

FREETLY—IRELAND—On September 11th, 1866, at the residence of the bride's father, near Ireland Station, A. V. R. R., Mr. DAVID B. FREETLY, of Apollo, Pa., to Miss T. C. S. IRELAND, of Allegheny county, Pa.

DIED.

SCHOEPFLIN—At half past eight o'clock, Friday morning, Sept. 21st, at his residence, corner East Lane and Third Street, Allegheny, CHARLES SCHOEPFLIN, aged 31 years.

The friends of the family are invited to attend the funeral.

NEW ADVERTISEMENTS.

HILLDALE CEMETERY.—The beautiful "God's-acre," the largest suburban place of sepulchre, except one, in this county, situated on New Brighton road, immediately north of Allegheny. For burial lots, permits or titles, call at Central Drug Store of COOL & CLANEY, Allegheny City.

Get the Best—They Always Give Satisfaction.

Every week, Dr. Quincy A. Scott is called upon to insert Artificial Teeth in cases where other dentists *have tried, been paid, and failed*, and in every case *his* work gives entire satisfaction. He is quite an artist in his line of business, and has merely to examine a case to know how to articulate the teeth so that they will present a handsome and natural appearance, and will masticate the food thoroughly. *His prices are lower than those of any dentist in the city*, and he will *guarantee* his work to be superior. So it would better for any of our readers who are in want of teeth, to call upon the Dr. in the first place, and thereby save their time and money. We would also assure those persons who are suffering with diseased and unsightly teeth that they can have them extracted *without any pain whatever*, by calling upon Dr. Scott. He has extracted for *over ten thousand* persons within the last seven years, and among this large number there is *not one case* in which his process has proved injurious. On the contrary, he can refer to numbers of his patients who claim to have been benefited in renewed health. He extracts numbers daily by the new "Rhigolene or Vapor" process, and gives pure Laughing Gas to those who desire it, without charge. He makes no charge for extracting when artificial teeth are ordered, and gives a full set on Vulcanite, with beautiful gums, for eight dollars. Remember his number, 276 Penn street third door above Hand.

JUST ARRIVED FROM THE EAST.
BOOTS AND SHOES.

CHURCH PROGRESS.

The education and elevation of the vast multitude of colored people in this country, especially those in the Southern States, occupies considerable attention by most of the leading religious bodies. The Methodists and Presbyterians, New and Old School, are devising liberal things, and providing men and means without stint. To what extent the Baptists, Congregationalists and other small bodies are doing, we are not informed, except we believe, they are at work, and using all the means in their power to provide for the interests of the colored people in this respect. The alienation in the Episcopal Church, between the North and South, now removed, and the Church "reconstruction" in its organic form, without any special action at any time in regard to the sin of slavery, the "sum of all villainies," leaves the alleviation of the blacks to the churches of that denomination where the evil exists.

Recently our attention has been called to the action of a Diocesan Convention, we believe, of New York, on this subject, but in a different form, namely, touching the duty of the Church to our colored population, especially the colored ministry. Many of our readers will remember the action of a Presbytery in Georgia, *limiting* the functions of certain colored men set apart to preach the Gospel and administer the ordinances. The action of this Diocesan Convention, which, while it does not favor such a course, did, however, refuse to decide that it was expedient to admit colored persons as candidates for Holy Orders. The report of the committee and subsequent action of the Convention was in substance that it was better not to move too fast, but wait until the wants of the Church demanded the step, and it was argued that the degree of culture of our colored people forbids such an expectation. Provision was made, however, for preparing them by means and agencies, which can be enlarged as future exigencies shall require, and on which a colored ministry may most easily be engrafted, or rather, which, if faithfully carried out, will lead naturally to a colored ministry, whenever the men are ready to be brought into it.

The Roman Catholic Church polity being entirely different from any other religious body, by its acknowledgment of the universal supremacy of the Pope, it was hardly expected that any course would be pursued by the Northern or Southern wings of the Church, to separate them during the rebellion, and no division of sentiment occurred, only so far as could, during hostilities. It is a matter of no little surprise to learn from the Catholic Bishop of Savannah, in his pastoral letter to the clergy and laity of the Roman Catholic Church in Georgia and Florida, that the Holy Father feels the liveliest regard for the spiritual welfare of the colored race. He says the Holy Father, to whom the keys of the Kingdom of Heaven have been entrusted by our Lord, feels the liveliest solicitude in reference to the subject; the congregation of Cardinals, on whom the Holy Father devolves the great business of propagating the faith, are the legitimate expounders of the desires of the supreme Pastor in this respect, and they recommend this as one of the great objects for which the Council receives the sanction of the Holy See.

From this it will be seen that the four million of blacks, recently set free, are to receive special attention in the deliberations of the great Council of Bishops to be held in Baltimore, October 7. The Bishop, while condemning the Abolitionists, censures the injudicious laws by which the negroes were kept in ignorance—the laws which forbid, under the severest penalties, their instruction in reading and writing. He is glad Slavery is abolished, and thinks many occasions of sin have thus been destroyed for masters and slaves. He suggests that the colored race should be admitted and invited to the benefits of Catholic schools and Catholic education, in order that they may be rescued from the bondage of sin and darkness of ignorance, those who have been freed from domestic and civil fetters.

Reference is then made to the desirableness of their fulfilling the obligations of Christian marriage, so as to make them partakers of the blessing attached to a union which has become a sacrament, and that they may become members of that society founded by Christ, and established by His Apostles, in which "there is neither bond nor free, neither Jew nor Greek."

While the Bishop condemns the course of the North in the late struggle, and says they are the true authors of the contest which has deluged the land in blood, which of course is without foundation, he expresses his abhorrence of slavery thus: "African slavery seems to have commenced and to have been kept up by the cruel and evidently unjust proceedings of men kidnapping other men to sell them to the tiger-hearted authors and abettors of the slave trade, *condemned by the Holy See and forbidden by all enlightened nations.*"

This movement of the Roman Catholic Church will likely startle Protestant Churches, and we may look for more active working and labor. The Catholic Church is distinguished for its bold movements and for its shrewdness to seize favorable opportunities. And while not impugning its motives and sincere desire for the good of the colored race, there is evidently in this praiseworthy movement an effort for its own supremacy. While slavery existed, not only were the colored people deprived of any educational advantages, but the religious services for their benefit were of a restricted form of Christianity, as a general rule, but now their freedom removes every bar from schools and the Word of God.

It having become apparent that the interests of the Freedmen could be better promoted by the Methodist Episcopal Church by a society of its own, it was resolved to organize one like all the other prominent denominations have already done, to be called the Methodist Freedmen's Aid Society. While the contributions of the Methodist Church to the American Freedmen Union Commission had been large, and great good had been done thereby, it was nevertheless thought that such a society, exclusively under its control, the teachers sent out could materially aid the missionaries in the field. The society was organized some weeks since in Cincinnati, and Bishop Clark placed at its head. It has already commenced operations, and promises to be a valuable auxilliary in promoting the interests of the mission work of that Church.

MONONGAHELA SLACKWATER.

The Morgantown (W. V.) *Post* strongly urges the completion of the Monongahela slackwater navigation up to that town. After reciting the fact that the Pennsylvania Company is bound to perfect the navigation up to the co-terminous boundary whenever operations shall be commenced in earnest, in West Virginia, under the act of incorporation granted by legislative authority there; and the farther fact that only one dam and lock are requisite between the State Line and Morgantown, and after estimating the cost thereof at $75,000, it goes on to say:

"We propose that this sum be raised in this manner: Let the townships of Union, Morgan, Clinton, Grant and Cass, which border on the improvement, subscribe $3,000 each, which will be a small sum when thus imposed in their corporate capacity. The town of Morgantown ought to, and doubtless will, take $5,000 in the enterprise, and issue bonds redeemable in twenty years at six per cent., as the act of incorporation provides for; which is likewise the case as to county subscriptions. We feel satisfied that $15,000 can be raised by private subscriptions in the county. The residue, $35,000, can and will be furnished by merchants and others in Pittsburgh, and by parties residing along the line of the improvement between them and this point. The new line of steamboats called 'the People's Line,' will subscribe $10,000 at least."

As an incentive to make the subscriptions it is stated that the Navigation Company are now declaring from fifteen to twenty per cent. on its capital stock.

A correspondent of the same journal makes a more distinct reference to the Act passed by the West Virginia Legislature in furtherance of this project. He says:

"The granting of this charter was among the first acts of the new State, and by its provisions the company is authorized to place under contract one lock and dam whenever a sufficient amount of stock has been subscribed and secured to complete the same, and so on until the river is slacked to Fairmont. The towns of Fairmont and Morgantown, and the counties of Marion and Monongalia, the Monongahela Navigation Company, and the Baltimore and Ohio Railroad Company, in their corporate capacity, are authorized to subscribe to the stock of the "Marion and Monongahela Navigation Company." Messrs. Geo. W. Jolliffe, Jas. O. Watson, John Kearsley, Jacob C. Beeson, and Asahel Harr, of Marion, or any three of them; Henry Dering, David H. Chadwick, Alfred Yeager, Samuel Sears, and George M. Hagans, of Monongalia, or any three of them, are authorized to open books for receiving subscriptions, in shares of twenty dollars each, to an amount not exceeding $300,000, for the purpose of slacking the Monongahela river from the Pennsylvania line to Fairmont in the county of Marion."

DETERGENTS.—Preparations used for cleansing ulcers and wounds, and formerly to a great extent, to erase discolorations from the skin, moth patches, freckles, &c., being composed of strong chemicals, minerals and acids, were unsuitable for the purpose, as they invariably destroyed the pigment, or coloring matter of the skin, leaving a blanched spot, more objectionable than the discolored blemishes; but PERRY'S MOTH AND FRECKLE LOTION will, in all cases, remove moth-patches (or sun spots) and freckles, without injury to the skin in texture or color. Sold by all druggists, and by Dr. B. C. PERRY, Dermatologist, No. 49 Bond street, New York.—*Sat. Express.*

BE ON THE ALERT! DANGER IS AT HAND!—This has been a sickly season. The medical faculty prophesy evil in the future. They think pestilence is on the wing for America. Suppose this to be true, what is the best defense against it? REDOUBLED NERVOUS VIGOR. This is the only protection against PANIC, as well as against the PRINCIPLE OF INFECTION. Why do not those who predict the epidemic propose an adequate preventive? There IS one; a tonic, nervine and alterative, competent to shield the system against the hostile elements of disease, whether they float hither on the winds from distant lands, or rise like vapor from our own soil, or are incorporated with the universal fluid. This ONE PREVENTIVE, of which there is no duplicate among the compounds either of the Old World or the New, is

HOSTETTER'S STOMACH BITTERS.

Remember that it is a specific for all the complaints which lay the system open to visitations of deadly epidemics. If you are dyspeptic, it renews the vigor of your digestive powers, gives you appetite, and restores your cheerfulness. If you are nervous, it invigorates every fibre of your nervous system, from the base of the brain, where it begins, to the extremities, where it terminates. If you are bilious, it disciplines your unruly liver and brings the action of that organ into harmony with the laws of health. It is, in short, an invigorant and alterative so powerful that Nature, with Hostetter's Bitters for her ally, may bid defiance alike to native malaria and foreign infection. If this enemy we hear of, this disease which is desolating Europe, is really bound hitherward, it behooves the PRUDENT TO PUT ON THEIR ARMOR, to clothe themselves with invulnerability as far as human means will permit, by preparing the system for resistance with this pure vegetable antidote. se18:

NEW ADVERTISEMENTS.

FIFTH STREET, PITTSBURGH,
PENNSYLVANIA.
FOUNDED IN 1840,
AND
Incorporated by Legislative Charter.
THE BUSINESS MAN'S
Favorite College
FOR THE LAST
TWENTY-SIX YEARS.
The Only Institution,

Of the kind, IN THE UNION, conducted by a practical BUSINESS MAN. Our highest commercial authorities, east and west, pronounce his system of Book-Keeping unequalled; comprehending every department of business, and yet so skillfully condensed that the attentive students master the whole in six or eight weeks, which consists of

Stock Books.
Closed once with a loss and twice with a gain, exhibiting, by three different methods, the transfer of old to new books.

Partnership Books,
Conducted by three different methods, exhibiting the transfer of old to new books, with the introduction of a new partner; also practically illustrating the

Private Ledger,
By means of which the results of the business are kept of the general books, for the use of the partners only, at the settlement of Partnership Books by

Single Entry,
With six practical illustrations, exhibiting the Books reopened by Double Entry. Our course of original lectures upon the details of

Actual Business,
Are, to one going into business on his own account, worth more than his tuition fee, and may save him thousands of dollars in experimental knowledge, that may take years to acquire in business. In these lectures we have no competitor, as none but an experienced merchant can impart the practical information which they contain. It will also be seen by examination of other systems of accounts, that Duff's is the only one in use containing comprehensive exercises in

Business With Foreign Countries.
No other modern treatise contains a single exercise in this business. Pupils instructed from them are, therefore, left totally deficient in this department of American Commerce. Our system, thus extended into fields of business wholly omitted by all others, enables us to present our students with a comprehensive and valuable collection of

Business Forms
For every department of inland and foreign business. Our method of teaching the detection of

Counterfeit Bank Notes,
By comparison of an extensive collection of counterfeit and genuine notes, is recognized by our patrons in all directions as a valuable part of their business education.

Our Railroad Book-Keeping
(In manuscript,) exhibits the construction and equipment, the operating receipts and expenditures the Books closed and a dividend recorded. These Books are advertised by others, but not taught elsewhere in the city. Our new system of

Private Bank Books,
(In manuscript,) embracing all the best forms in use, among private Bankers. Our new enlarged edition of DUFF'S

Steamboat Book-Keeping.
In this department students are instructed from the new revised and enlarged edition of "DUFF'S STEAMBOAT BOOK-KEEPING," the only complete treatise upon this part of the science published.
Our full course of business practice includes about FIFTY BUSINESS BOOKS, ruled to about thirty different forms, viz: 11 Ledgers, 7 Day-books, 5 Journals, 6 Bill Books, 4 Cash Books, 4 Sales Books, 2 Invoice Books, 1 Discount Book, 1 Check Register, 1 Deposit Register, 2 Collection Registers, 1 Tickler, 1 Hands Register, 1 Freight Book, 2 Passage Books, 1 Fuel Book. These books practically record about six hundred business transactions, comprehending Duff's original plan of business education introduced twenty-five years ago. How far others have succeeded in imitating him will be best seen by comparing the business papers and books of their pupils with those of the graduates of this Institution.

DUFF'S BOOK-KEEPING.
Price $1.75. Postage 20 cents. Sold by Booksellers generally.

AWARDAD FOUR SILVER MEDALS.

The following testimonials indicate the character of this work:

"No other work upon Book-Keeping explains the subject with so much clearness and simplicity."
F. W. EDMONDS,
Cashier Mechanics' Bank, Wall street, N. Y.

"It gives a clear insight into all departments of this science."
A. S. FRASER,
Cashier of Seventh Ward Bank, N. Y.

"It contains much matter important to the merchant."
C. O. HALSTEAD,
President Manhattan Bank, N. Y.

"The most complete work of the kind I have ever seen."
JAS. B. MURRAY,
President Exchange Bank, Pittsburgh.

"I graduated in Duff's College in half the time I expected. His admirable system includes nothing superfluous, nor leaves out anything essential."
J. R. COMPTON,
Cashier Niagara Bank, Lockport, N. Y.

"The most clear and comprehensive that I have met with."
JOHN HARPER,
Cashier Bank of Pittsburgh.

"You have put your own long experience as a merchant to good use in this work."
RICHARD IRVIN, Merchant,
No. 98 Front street, N. Y.

"As an extensive Ship Owner, American and European Merchant, Bank Director, etc., he has borne the reputation of the highest order of business talents."
JOHN W. BURNHAM, Merchant,
No. 8 South street, N. Y.

"Mr. Duff is a man of rare qualifications for business."
JOHN M. D. TAYLOR, Merchant,
Union street, New Orleans.

"Mr. Duff is a merchant of the first respectability."
J. LANDIS, Merchant, New Orleans.

"The favorable opinions already expressed by gentlemen of competent authority are well deserved, and very properly bestowed."
CHARLES M. LEUPP,
LEOPOLD BIERWIERTH,
ROBERT KELLY,
Special Committee of the Chamber of Commerce,
[Extract from the Minutes.]
PROSPER M. WETMORE, Secretary.

"Your Committee unanimously concur in the opinion of the utility of the improved method of Mr. Duff."
GURDON J. LEEDS,
Recording Sec'y of the American Institute, N. Y.

The New and Enlarged Edition of
Duff's Steamboat Book-Keeping,
Just published by the author. Price $2,00. Sold by Booksellers generally.

"The only work published of any value to the Steamer's Accountant."
J. F. T. ALLISON,
Formerly Clerk of the steamer Fortune.

"The most perfect system of Steamer's Accounts in use."
C. S. FRISBEE,
Formerly Captain of Steamer Nashville.

"A perfect system for keeping such books and accounts."
J. CAROTHERS,
Formerly Cash'r of Merchants' Bank of Pittsburgh.

"The Time Table alone is worth the price of the book."
D. B. HERRON,
Late Clerk of Steamer Mount Vernon.

"I consider the legal form of the Steamer's Protest so valuable that I never leave port without a copy on board."
A. C. McALLAM,
Captain of Steamer Arcort.

☞ Copies of our Mercantile or Steamboat Book-keeping are mailed, post-paid, on receipt of $2,00.

MRS. M. G. BROWN'S
METAPHYSICAL DISCOVERY,
Price, $4,00.
Offices—410 Arch St., Philadelphia,
51 Bond Street, New York.

No boring with instruments.
No blowing in the ears.
No snuffing up the nostrils or introducing wires.
No pouring medicines down the throat.
The METAPHYSICAL DISCOVERY will reach every spot that drugs and instruments will reach, and thousands of places besides.
Truth is mighty and must prevail; error is pregnated with death—consequently must sooner or later sink into oblivion.

ARE YOU PREJUDICED?
In consequence of the prejudice existing against patent medicines, it is my earnest desire that my Metaphysical Discovery should not be received or classed with patent medicines of the age. You ask me why? I answer, because it is a *scientific speciality*, differing in application, tendencies and results, from all other remedies and preparations which have ever gone before it. And further, because the Metaphysical Discovery is the result of inherited power to trace effects to their first cause; therefore let it be understood that the Metaphysical Discovery is not only the result of inherited power, but also the result of a life of rare philosophical research, and that too, in an unbeaten track.

Eyes, and They See Not.
Awake, ye slumbering world and behold yourselves and your children in the prison house of disease, from the cradle to the grave, betake yourselves to thought—think and live. The world writhes in pain and passes into untimely graves. Mark, learn, that your friends die through experimenting on. Every effect driven is a death blow to the physical system. I have never met an individual who was treated for anything but effects. There are many agonizing hearts, sorrowful homes and grassy graves through the use of instruments which torture, and medicines which destroy the system.
The Discovery consists of three distinct preparations, which pass into the system by absorption through the Eyes, Ears and Scalp.
It is packed in a neat wooden case, and will be sent to any address in the world, on receipt of the above price.

CERTIFICATES OF CURES.
I, S. C. Chase, of Cambridgeport, Mass., do certify that I have been troubled with a bad catarrh for upwards of thirty years. I obtained Mrs. M. G. Brown's Metaphysical Discovery, and in ten minutes after using it found relief. I have used the medicine faithfully, and believe it went to the root of my disease. I feel as if catarrh was eradicated from my system, the foul effects of the sad disease having ceased. My wife also has been suffering from a complication of diseases. On using the Discovery, clotted blood and matter rushed from her head, and she found immediate relief, and has been gaining health ever since. We heartily recommend the Metaphysical Discovery to all who suffer.

CURE OF CATARRH, ASTHMA, &c.
Mrs. Cheever, residing at No. 6 Allen street, Boston, Mass., says: "I have been troubled for years with asthma, catarrh, and sore throat. I suffered from continual pain and dizziness in my head, cold feet, &c.; for eight years could not attend to my household duties, and had despaired of ever being cured. Providentially learning of Mrs. M. G. Brown's Metaphysical Discovery, I obtained it. The result is, I am entirely cured, and determined to keep a box of it always in my house."

MRS. GEORGE VAUGHN'S CERTIFICATE, OF MALDEN MASS.
This is to certify that I have suffered for ten years from dyspepsia, catarrh, and a complication of diseases. For the past year I have been restless, and could not sleep at night. So exhausted had I become, that I was unable to do my household duties. I became so cold, that it seemed impossible to keep warm. For sometime my eyes were very much diseased, and my hearing dull. Myself and friends considered me in Consumption. In this state I went to Mrs. M. G. Brown and obtained the Metaphysical Discovery. I have used one box faithfully, and no language can tell the benefit received from it. My eyes have become clear and strong. My dyspepsia is entirely gone. I can now do my own work, and feel altogether a new being. My friends say I am gaining flesh. I know as I was I could not have lived. I feel grateful to God for the benefit I have received. I recommend Mrs. M. G. Brown and her mode of treatment to all who suffer as I have done.

CATARRH CURED.—MR. JEROME A. O'CONNOR, OF OLD CAMBRIDGE, MASS.
This is to certify that I have been troubled with a bad catarrh for the last five years. This winter it became unusually troublesome. I was obliged to rise at night, owing to the mucus, which would have suffocated me. I obtained Mrs. M. G. Brown's Metaphysical Discovery some weeks back; used it faithfully, and my catarrh began to give way at once. I now consider myself a cured young man, being entirely delivered from the terrible disease of catarrh. My sister has also been diseased in her head and eyes from childhood, so much so that the family thought she could not live. In the use of the Discovery she has received equal benefit with myself. We cordially recommend the Metaphysical Discovery.

MISS E. LOGAN'S CERTIFICATE.
I, Emma Logan, do hereby testify that I have had a severe cough for six years; would cough and raise for three hours at a time; often I could not lie down at night; going up stairs, any work would exhaust me. I have been taking medicine and doctoring all the time, but was still getting worse. Providentially a friend procured Mrs. M. G. Brown's Metaphysical Discovery. I have used it one week, and my cough is nearly gone. I have got rid of the tightness in my throat, I can now take a long breath, which I could not do before. I can go up and down stairs without feeling any fatigue. I feel disease is fast leaving my system. No. 36 Hanover street, Boston, Mass.

A REMARKABLE CURE.
A case of the worst type of Chronic Sore Eyes of Twenty-five years standing cured by my Metaphysical Discovery.
I, Eliza B. Jeffries, do certify that I have been suffering for twenty-five years with diseased eyes, taken from measles when a child. I cannot describe the nature of all my sufferings, but will state that my eyes ran corruption and water all the time. My cheeks also broke out down to my chin, and the matter from both eyes and face kept constantly dropping on my dress. All the doctors I applied to failed to render me relief, and I despaired of finding it until learning of the wonderful cures made by Mrs. M. G. Brown, when hope entered my breast. I went to see her, and brought home with me the Metaphysical Discovery. I used it according to directions, and now most solemnly and sincerely declare, that through the blessing of God and the use of Mrs. M. G. Brown's medicines I am a cured woman.
ELIZA B. JEFFRIES,
Holmesburg, Pa.

FIVE NEW CASES OF DEAFNESS IN AND AROUND PHILADELPHIA.
Noises in the Head, Running of the Ears, Stiff Neck and Sore Throat cured by Mrs. M. G. Brown, 410 Arch street, Metaphysical Physician, Professor on the Eye, Ear, Throat and Scalp.
The following persons have been cured of the above diseases, through the use of my Metaphysical Discovery:
Miss Rebecca Watson, St. Paul street, Frankford, cured of deafness and noises in the head; can now hear the children called by their names in the next house.
William Einwechter, 1309 North Front street, a lad of about 15 years, was very deaf; can now hear the notes distinctly on the piano. Could not hear a sound before. His whole system is benefitted, as he was an invalid.
Peter Kelly, 322 South Second street, was quite deaf in one ear, and partially so in the other, has regained the hearing of both well.
Daniel Humphreys, of Darby township, had a swelled and stiff neck for eight years; could not turn his head without turning round his whole body; had also a large lump, size of a ball, and hard, under his chin, for one year. Both have disappeared through the use of my Metaphysical Discovery.
A son of Captain [illegible], in Wilmington, Delaware, has been cured of deafness and running of the ears, of [illegible] years standing. Spent large sums of money on different remedies without any benefit; procured my Metaphysical Discovery, which immediately cured him.

CERTIFICATE FROM THE REV. P. S. HENSON, PASTOR OF THE BROAD STREET BAPTIST CHURCH, PHILADELPHIA.
From injuries received in my eyes, when a boy, a chronic inflammation has been produced, in consequence of which I suffered great pain, every moment of my waking life, with annoyance, and I was frequently unable to sleep at night. A variety of remedies has been resorted to without success, and I entertained the purpose, as a last resort, of having the ball taken out of the socket, in the hope of thus finding relief. In the meantime, most providentially, I noticed one day in a shop window a bottle of POOR RICHARD'S EYE WATER. I had never heard of it before, but I determined to try it, and did, with the most delightful results. In a few days the painful irritation was relieved. I could bear the strongest light, and was restored at once to the enjoyment of a new life. I always keep a bottle of it always in the house, and if my eyes trouble me at all disposed to annoy me, I give it a dose, and there is an end to it. I would not be without it for any amount of money. I have told it to other persons, that my wife who had [illegible] suffered from protracted pain in one of her eyes, and she too found Poor Richard's Eye Water a certain specific in her case, giving her almost instant relief.
Grateful to God for the benefit I have personally received, I commend this remedy most cordially to those who are afflicted as I was myself.

(ADDITIONAL LOCAL NEWS ON FIRST PAGE.)

Further Preparations—Meeting of the Resident Committee.

Another meeting of the Resident Committee was held yesterday forenoon at the Republican headquarters, with Gen. James S. Negley in the chair. Capt. Norman M. Smith and Sergeant John Kerr officiated as Secretaries.

Present, Messrs. Negley, Pearson, Gallupe, Neeper, Umbstaetter, Cook, Dalgleish, Smith, Kerr, Barker, McCandless, Callow, MacConnell, Harper, Bayne, Barnes, Easton and Palmer.

Adjt. A. P. Callow from the Committee on Firemen, reported that the Duquesne had signified their intention of turning out on the 25th.

Major Samuel Kilgore stated that Mayor McCarthy would furnish policemen for both demonstrations.

Gen. Pearson, from the Committee on Railroads, that every railroad would issue excursion tickets, with the exception of the Pittsburgh, Fort Wayne and Chicago Railway Company.

A communication was received from J. A. Caruthers, Esq., inclosing a design for a banner, and proposing to pay the expenses. A vote of thanks was tendered him on motion of Lieut. Ed. Torrence.

On motion of Captain Harper, the thanks of the Committee were tendered to Isaiah Dickey, Esq., for extending the hospitalities of his house for use of guests.

The Special Committee appointed to prepare a programme for the grand demonstration on Tuesday evening, submitted a report in relation to the formation of the column, the points of rendezvous, and route of procession, as follows:

FORMATION OF COLUMN.

The delegations from a distance will form the First Division.

The delegations from the First, Second, Third and Tenth wards will embrace the Second Division.

Delegations from the Seventh, Eighth and Ninth wards will comprise the Third Division.

The First and Second wards of Lawrenceville will comprise the Fourth Division.

The First, Second, Third and Fourth wards of, Allegheny, will comprise the Fifth Division.

Birmingham, Brownstown, South Pittsburgh and Mt. Washington will comprise the Sixth Division.

Sligo, Saw Mill Run and Temperanceville will embrace the Seventh Division.

Manchester, Stewartstown, Duquesne Borough, Sharpsburg, Pine Creek, East Liberty and Wilkinsburg will comprise the Eigth Division.

Township delegations will comprise the Ninth Division.

The delegations will form as follows:

All delegations from a distance will form on Wood, right on Water, which will form the right of the procession.

First, Second, Third and Tenth wards, Pittsburgh, will form on Tenth street, with right resting on Liberty.

Fourth, Fifth and Sixth wards on Second street; right resting on Liberty.

Seventh, Eighth and Ninth wards on Third street; right on Liberty.

First and Second wards, Lawrenceville, on Fourth street; right on Liberty.

First, Second, Third and Fourth wards, Allegheny, on Penn street, right on Water.

The Fire Department will form on Fifth street, right on Liberty.

The Birmingham, Mount Washington, Brownstown, South Pittsburgh, Sligo, Sawmill Run, Temperanceville, Manchester, Sharpsburg, Stewartstown, Pine Creek, East Liberty and Wilkinsburg delegations will form on Liberty street, right on Water street.

All township delegations will form on Sixth and Seventh streets, right resting on Liberty street.

All the mounted delegations will form on Water street, between Ross and Liberty.

All delegations are respectfully requested to form in four ranks.

ROUTE OF PROCESSION.

Up Water to Smithfield, along Smithfield to Third, up Third to Ross, along Ross to Pennsylvania avenue, out Pennsylvania avenue to Pride street, up Pride to Fulton, up Fulton to Wylie, down Wylie to Fifth, along Fifth to Market, up Market to St. Clair, along St. Clair to Suspension Bridge, up Federal to Robinson, up Robinson to Anderson, up Anderson to Cedar avenue, up Cedar avenue to Ohio, along Ohio to Federal, up Federal to Commons, along Commons to Beaver, down Beaver to Ohio, along Ohio to Federal, down Federal to Bridge, up St. Clair to Penn, up Penn to Wayne, up Wayne to Liberty, along Liberty to Smithfield, along Smithfield to Water, and dismiss.

The following committee to keep a roster of citizens willing to entertain soldiers was appointed: Sergeant John H. Kerr, Sergeant R. D. Baker.

On motion, two additional secretaries were appointed to prepare a list of all delegates. Major W. J. Howard and Dr. J. H. Roberts were appointed.

The following letter from Clayton Macmichael, Editor of the Philadelphia *North American* was read.

PHILADELPHIA, September 18, 1866.—*General*: Having been chosen to represent a number of ex-officers of the army in the Pittsburgh Convention, I have the honor to inform you that I shall be present as a delegate upon that occasion.

Though it is a considerable inconvenience to be absent from my business, I feel it is highly important that every loyal soldier, however unimportant may have been his services, should add weight by his presence at Pittsburgh to the grand conviction which will come upon the country by means of this Convention, that the men who fought for the Republic are unwilling to yield the achieved result for the political aggrandizement of any man or party.

Very respectfully, your ob't serv't,
CLAYTON MACMICHAEL,
Editor *North American*, late Captain Ninth U. S. Infantry, Brevet Major U. S. Army, and A. D. C. to Major General D. B. Birney.
Major General James S. Negley, Pittsburgh.

The following delegates were reported:

South Pittsburgh—Dr. J. H. Roberts, Capt. S. J. Brauff, Sergt. Thos. Keen.

Fawn township—Capt. Daniel Gravatt, Lieutenant Wm. W. Hill and Robert Hill.

The following letter from General Negley, addressed to the *Chronicle*, was then read:

EDITORS CHRONICLE:—*Dear Sirs*:—The Resident and Executive Committee of the Boys in Blue contemplated in their preliminary arrangements the parade only of the Boys in Blue in honor of the Convention, on Tuesday evening. Since then there has been exhibited the liberal intention on the part of the citizens to illuminate their dwellings and places of business; also the expressed desire of civic organizations, Geary clubs, professional corps, etc., to participate in the parade. In view of this welcome interest throughout the community, the Committee which I have the honor to represent, hereby extend a cordial invitation to all societies, political clubs, classes of workmen, delegations from the rural districts, &c., to join the procession on Tuesday; also to turn out with the grand demonstration on Thursday, the 27th inst.

I respectfully refer to the official arrangements perfected by the committees for the formation of the line, with the route of march, which, through a strict conformity with the programme, will secure a speedy formation, avoid confusion and lessen fatigue. I have the honor to remain yours very truly,

JAMES S. NEGLEY.

Colonel T. M. Bayne and Dr. E. S. Umbstaetter were, on motion, appointed as Secretaries to the ladies Committee—and were instructed to engross the minutes of their proceedings.

Death of Bishop Young, of Erie.

Right Rev. J. M. Young, Catholic Bishop of the Diocese of Erie, died suddenly in that city Sept. 18th. The deceased was an exemplary christian, beloved and respected by all who knew him. At the time of his death he had attained the ripe age of fifty-eight years, having been born in Sanford, Maine, in the month of August, 1808.

Bishop Young served a regular apprenticeship at the printing business at Portland, Maine, in the office of the Portland *Argus*. He was a convert to Catholicism at the age of 19, and at the age of 22 took a journeyman's tour through the western States, finally stopping at Cincinnati, where his extensive reading and marked ability for one of his age, attracted the attention of the then Bishop of Cincinnati, and he was sent to St. Mary's College, at Emmettsburg, to complete his education and prepare himself for ordination. He was ordained priest in 18[illegible]. First appointed Bishop of Pittsburgh, but upon his declination of that office he was appointed Bishop of Erie, as successor to Bishop O'Connor. He was consecrated in Cincinnati on Low Sunday, in 1854, coming to Erie shortly after, where he has resided ever since. Bishop Young was a hard student and an able man, possessed of a naturally strong and original mind. Disinterested and unselfish to the last degree, he was yet one of those who, when they had formed an opinion, adhered to it through all opposition. In contradiction to the political faith of nearly all connected with the church to which he belonged, he was an earnest, active Republican, and his death will be a heavy blow to the interests of that party in this section. Mild, benevolent disposition and social qualities made him highly esteemed by his cotemporaries, as a man, a scholar and a gentleman. His death, although almost instantaneous, was scarcely unexpected by him, as he had frequently been informed by his medical advisers that, sooner or later, he would die without warning, in consequence of a disease of the heart, to which he had been subject for some time.

The following church dignitaries are expected to be present to assist at the Pontifical high mass, on Friday morning, on the occasion of the funeral:

Archbishop Purcell, of Cincinnati; Archbishop Spalding, of Baltimore; Archbishop McCloskey, of New York, Bishop Rapp, of Cleveland; Bishop Domenec of Pittsburgh; Bishop Timon of Buffalo. Dr. McCaffrey, Superior of the Emmettsburg College. Father Coady, V. G. of Oil City, and all the priests of the Diocese.

Bishop Young had a host of friends and admirers here who feel deeply bereaved at the sudden demise of the great and good man.

A Lover's Quarrel.

A young lady named Celia Jeffries appeared before Alderman Morrow yesterday and made oath, charging James [illegible] with assault and battery. The prosecutrix alleges that James has been paying his addressing to her for a considerable time. She at first received his attentions with favor, but a wealthier and more amiable suitor made his appearance recently, and laid seige to her heart, whom she felt disposed to smile upon. This exasperated James, [illegible] yesterday, he began to upbraid her for her inconstancy. She [illegible] took her by the [illegible] into the street and [illegible] mud [illegible] to the [illegible] and [illegible] James with [illegible] her mind. [illegible] to all sarcastic [illegible], Celia [illegible] the office of the Magistrate and [illegible]. James has been arrested and lodged in jail to await [illegible] bail.

[illegible] appeared before Alderman [illegible] Andrew Larkin [illegible] Court. [illegible]

Mortuary Report.

Twenty-two is the number of deaths reported for the week ending September 18th, by Dr. George L. McCook, Physician to the Board of Health. The diseases resulting in death were as follows:

Gastritis, 1; accidentally drowned, 1; consumption, 2; typhoid dysentery, 1; diarrhea, 3; child birth, 1; apoplexy, 1; uramia, 1; cholera infantum, 1; enteritis, 2; unknown, 1; jaundice, 1; cynanche maligna, 1; convulsions, 1; atelectasis culmomun, 1; croup, 1; still born, 1; weakness, 1.

Of the above there were: Under 1 year, 9; from 2 to 5, 3; 20 to 30, 3; 30 to 40, 4; 50 to 60, 1, 60 to 70, 2.

Of the deceased twelve were males and ten were females. Twenty were white and two were colored.

First U. P. Church.—Rev. D. Reeves, of New Brighton, will preach in this church tomorrow morning and evening, at the usual hours. The pastor Rev. Alexander Clarke, just appointed by the Conference, will not be able to reach the city before the latter part of next week, but is expected in time to fill his pulpit the following Sabbath, one week from to-morrow. Mr. Clarke has been serving Union Chapel, Cincinnati, the last two years, an Independent (formerly Methodist Episcopal) congregation, one of the largest and most influential in that city. He now comes into the heart of his own Conference and resumes the regular work.

The Spaulding Brothers.—We would announce to our readers that the above troupe of Bell Ringers, Vocalists and Instrumental performers will be in Pittsburgh in a few days. The company is composed of first class talent, among them J. F. Spaulding, the violinist, and Georgie Dean Spaulding, the great harpist. Mr. Thos. Wenhurst, formerly agent for the Continental Old Folks, is business agent for the troupe.

Porcine.—Some days ago two hogs, valued at forty dollars, were stolen from F. J. Langraff, of Manchester. Suspicion rested on a man named Henry Platte, and yesterday the accused was arrested and taken before Alderman Strain on an information for larceny lodged against him. He had a hearing and was held to bail to answer at Court.

Special Caution.—Mrs. Winslow's Soothing Syrup has become so popular that various parties have put out articles calling them Mrs. Winslow's. Please take notice that the Mrs. Winslow of the Soothing Syrup is not connected with any other article. jy11:d&w

Repairing done on the shortest notice. ja5:c61

GLAD NEWS FOR THE UNFORTUNATE.

BELL'S SPECIFIC REMEDIES

Are warranted in all cases, for the speedy and permanent cure of all diseases arising from sexual excesses or YOUTHFUL INDISCRETION, Seminal Loss, Nighty Emissions and Sensual Dreams, Genital, Physical and Nervous Debility, Impotence, Gleet, Sexual Diseases, &c., &c. NO CHANGE OF DIET IS NECESSARY. They can be used without detection, and never fail to effect a cure, if used according to instructions.

BELL'S SPECIFIC PILLS,

Price one dollar per box, or six boxes for five dollars; also, large boxes, containing four small. Price three dollars.

From four to six boxes are generally required to cure ordinary cases of Seminal Weakness and Emissions, though benefit is derived from using a single box.

In Chronic Cases, and particularly when Impotence or Genital Debility with Nervous Prostration has affected the system,

BELL'S TONIC PILLS

Are recommended as the most efficacious rejuvinating and invigorating remedy in the world.

A package, price five dollars, will last a month, and is generally sufficient.

In extreme cases of Debility and Impotence,

Bell's External Remedy,

Price two dollars, sufficient for a month, can be used to good advantage.

It gives strength to the organs, and with the Pills will restore them to their normal condition.

CAUTION.—The above Remedies have now been before the public many years, and their great success in the alleviation of human misery, has excited the cupidity of several parties, who use the name "Specific Pills," copy my labels, circulars and advertisements, sometimes word for word, and put up worthless compounds that disappoint the just expectations of the purchaser.

If you cannot purchase Bell's Specific Remedies of your Druggist take no other, but send the money direct to

DR. JAMES BRYAN,

Consulting Physician,

No. 819 Broadway, New York.

And you will receive them, by return of mail, post paid, and free from observation.

JOSEPH FLEMING, Druggist,
Corner Market and Diamond, Agent,
au29:129:w&wT Pittsburgh, Pa.

TO LADIES.—If you require a reliable remedy to restore you and remove irregularities or obstructions, WHY NOT USE THE BEST. Every lady knows the slightest irregularity of nature is likely to bring on Headache, Giddiness, Low Spirits, Fainting, Hysterics, &c.; then the bloom of health fades, the appetite fails, and other symptoms more distressing commence, as Weakness, Spinal Complaint, The Whites, Prolapsus, &c. &c. A NEVER-FAILING REMEDY will be found in DR. HARVEY'S FEMALE PILLS. The experience of 30 years has proved they have no equal for removing obstructions and irregularities no matter from what cause they arise. They are safe and sure in every case. Upwards of 50,000 boxes are sold annually, and no complaint of their effects ever heard, for they accomplish what they are represented to do. Sold in boxes containing sixty pills. Price one dollar.

DR. HARVEY'S GOLDEN PILLS is a remedy four degrees stronger than the above, and intended for special cases of long standing. Price five dollars per box.

If you cannot purchase the Pills at your druggist, they will be sent by mail, post paid, secure from observation, on receipt of the money, by Dr. JAMES BRYAN, Consulting Physician, No. 819 Broadway, New York.

EDUCATIONAL.

MT. AUBURN

YOUNG LADIES' INSTITUTE.

This School has just concluded its tenth year. Its HISTORY has been one of prosperity and growth from the commencement. The last two years the daily average attendance has been more than two hundred, and many have been refused for want of accommodation.

A NEW BUILDING

is now under contract, to be ready for occupancy at the opening of the Fall Session in September, and it is hoped that hereafter all can be received as pupils who apply.

The LIBRARY, APPARATUS and CABINET are receiving yearly, valuable additions, and the purpose is kept steadily in view, to furnish every facility for a thorough course of instruction.

The Faculty consists of four male and eleven female teachers, all experienced instructors in their several departments.

The school is fully graded from the Preparatory department, through the entire course of Academical and Classical studies.

COAL WORKS FOR SALE.

On TUESDAY, the 2d day of October, 1866, at 1 o'clock P. M., will be sold by order of the Orphans' Court, on the premises, in Westmoreland county, all the right, title and interest of CHARLES SEIBERT, deceased, in the Coal Works, situate in Rostraver township, Westmoreland county, on the Monongahela river, four miles above Monongahela City, and one-fourth mile below Webster, known as the Union Coal Works.

The above Coal Works are among the best and most productive in the country, being now in full operation. Attached to them are a number of Dwelling Houses. There are some forty cars, with asses, &c., used in working the mine, and some 13 coal flats.

The decedent owned 10-14ths of the works, and the remaining 4-14ths can also be purchased if desired.

For particulars, enquire of

JOSEPH SEIBERT,
CHRISTIAN SIEBERT,
Administrators.

J. LUDWIG KOETHEN
No. 81 Grant street, Attorney.
se17:1:7

FOR SALE.—No. 1. Farm of 400 acres, Fairfield township, Westmoreland county, Pa., about 7 miles south of the Pa. Railroad, at Bolivar Station, and 66 miles from the city. The improvements are. First, a two-story stone dwelling with seven rooms; stone spring house, carriage house, corn crib and a good barn 48 by 76 feet; a large stable and granary, and the best of water at the door. Second, a large frame dwelling with 7 rooms and a kitchen, a large stone spring house, bake oven, corn crib, wagon shed, a large hewed log barn. Third, a frame tenement house, with a good stable. Fourth, a two-story hewed log house and barn. The fencing is generally good, large meadows, of the best timothy and clover; an abundance of limestone and coal upon the farm; a young and old apple orchard at each dwelling; 300 acres cleared, the residue in good timber, such as white, red, black and rock oak, sugar, beech, poplar and locust. The soil is good, producing the very best crops of all kinds of grain; would make a No. 1 stock farm, and will be sold low. Possession on the first day of October, 1866.

No. 2. Farm of 53 acres, situated in Chartiers township, Allegheny county, Pa., about 3½ miles from the city, near the line of the Steubenville R. R., and within one-half mile of a station; 30 acres of the best of creek bottom land, and in a high state of cultivation; 23 acres of wood land and pasture. The fencing is generally good. The soil is No. 1, and well adapted for gardening. The attention of those wishing to embark in the business will call at once and secure a good bargain, as this is a rare chance.

No. 3. Farm of 84 acres, situate in Elizabeth township, Allegheny county, Pa., on the Monongahela river, about one mile from the Borough of Elizabeth. The soil is of the best quality. The improvements are a farm house with six rooms, a good barn and other out buildings; fencing good; about 50 acres of coal. Churches, schools and mills very convenient. Possession immediately.

No. 4. Also, the best Farm in Elizabeth township, containing about 90 acres, lying on the Monongahela river immediately below Lock No. 2, on which is erected a large two-story brick dwelling, one log and one frame barn, corn crib, wagon shed, brick spring house, granary, work shop, &c.; about 30 acres of the above is first quality river bottom; the balance being limestone land, and underlaid with coal, and about 20 acres of livestone. There are two orchards of apple trees, in good bearing condition; peach pear, plum trees and grape vines, &c. The land is well adapted for gardening purposes, being a short distance from the thriving borough of Elizabeth, creating a market at home for all the products. The property will be sold cheap and on reasonable terms.

No. 5. A Farm of 158 acres in Elizabeth township, Allegheny county, Pa., near the Youghiogheny river. The improvements are a hewed log house, a barn, stable and other out-buildings; fencing generally good; well watered; 115 acres cleared; veins of limestone, the under vein about 5½ feet thick; the upper vein about 4½ feet very convenient to the river. It is well timbered with the best white oak and black walnut timber. Price $80 per acre.

No. 6. A Farm of 216 acres, situate in Plum township, Allegheny county, Pa. The improvements are a two story frame house with six rooms and kitchen; a large bank barn, 80 by 50, and other outbuildings; good orchard; 175 acres cleared and in a good state of cultivation. The land is of best quality, well adapted for grain or stock, and is all underlaid with coal; a very large amount of locust timber. Possession given immediately. Convenient to churches, schools, mills, &c.

No. 7. A Farm of 96 acres, situated in Elizabeth township, Allegheny county, Pa., about one mile from Lock No. 4, on Monongahela river. Improvements are one frame house, with five rooms, barn, spring house and other outbuildings. The land is of the best quality. The above will be sold at very low figures.

Persons wanting any of the above Real Estate will please call on G. H. TOWER,

se18 Real Estate Agent, 164 Fourth street.

NEW OPERA HOUSE.

C. D. HESS - - - - Director.

BENEFIT OF THE

JOHNSTOWN SUFFERERS.

AN EXTRA GRAND MATINEE,

On Saturday Afternoon, Sept. 22d.

THE ENTIRE PROCEEDS TO BE CONTRIBUTED to the fund for the relief of the unfortunate victims of the late *FEARFUL CALAMITY AT JOHNSTOWN*.

An excellent Performance will be given, presenting nearly all the favorites of the FINE OPERA HOUSE COMPANY. Admission for this occasion, FIFTY CENTS to all parts of the house, except the Gallery, which will remain as usual, 25cents.

Tickets may be procured at PITTOCK's, GILDENFENNY'S, AIKEN'S, HUNT'S and MILLER'S Bookstores; at the Monongahela House, St. Charles and Merchants' Hotels, and of the Mayor's Police Officers.

It is the earnest desire of the Director to contribute as great a sum as possible to this laudable object, and in proposing the scheme, he feels confident of a successful result, for there are no doubt enough already stimulated by published accounts of the wants and sufferings now existing among the more needy victims, to a desire to add to the receipts the trifle for which they are asked in this way, to fully meet the most sanguine expectations.

It is not, as may be supposed, a desire to take undue credit, or make capital, that the director has proposed this scheme, his main object being to do what is within his power, without serious detriment to himself, to alleviate the sufferings of unfortunate fellow-creatures. The result of the enterprise will be published in the papers of Monday next, and the entire amount forwarded to the treasurer of the relief fund at Johnstown, as a contribution from the citizen and press of Pittsburgh, through the agency of the Opera House.

LET THE RECORD BE A GOOD ONE.

PROF. BROOKS' FASHIONABLE DANCING ACADEMY, PHILO HALL, 75 THIRD STREET, Pittsburgh, is now open day and evening. Juvenile Class, Wednesdays and Saturdays at 2 P. M.; Ladies' Class, Tuesday and Friday at 2 P. M.; Gentlemen's Class, Tuesday and Friday at 7½ P. M.

THE LATEST NEWS BY TELEGRAPH.

Letters from Freedmen's Bureau Officers

NEW YORK, Sept. 21.—A *Herald's* Washington special says: Major General G. Swayne, Assistant Commissioner of the Freedmen's Bureau, in Alabama, a few days since telegraphed the Commissioner in relation to some erroneous statements which had been given to the public through the press, and stated to have occurred in his district. He subsequently addressed to the Commissioner a letter, in which he says: I beg leave to remark that for some weeks past the attention of parties here has been drawn to the systematic dissemination of items at the North, apparently by one person, detailing all sorts of sensational occurrences to persons of both races. The scene is generally laid in Mobile and the story is uniformly without foundation.

Major General G. J. Wood, Assistant Commissioner of the Freedmen's Affairs in Mississippi, reports to the Commissioner there has been considerable mortality in the State from cholera, which is owing principally to the want of proper caution by the freedmen, among whom the greater loss has been. The disease is not particularly violent, but yields readily to treatment. The cholera has appeared in the district of Jackson, and it is feared that its increase is inevitable. The Bureau Surgeon has been instructed to try every means in his power to allay the sufferings of the afflicted, and to prevent the spread of the disease. The cholera is also reported at Davis' Bend, but not increasing. In reference to the crops the General states that notwithstanding the appearance of the army worm, he thinks there will be a fair cotton crop, but the corn crop will be very poor.

Major General J. C. Davis, Assistant Commissioner of Freedmen's Affairs, in the State of Kentucky, reports to the head of the Bureau that in the month of August last, there were [illegible] rations issued in the State, 399 to refugees and freedmen in the State Hospital; 677 of them received but temporary shelter and care. The General reports no confiscated lands in the State of Kentucky.

The Rain Storm in the West—Resumption of Railway Travel—A Portion of Dayton Submerged.

CINCINNATI, Sept. 21.—Railroad communication is somewhat improving. All trains on the Little Miami came in on time this morning. The Indianapolis and Cincinnati road is clear, and trains went out on regular time this morning. The Marietta and Cincinnati road is also in running order. The Cincinnati, Hamilton and Dayton, and Atlantic and Great Western, are in operation to Hamilton, several hundred feet of embankment being washed away at that place.

The Ohio river here is about twenty eight feet and still rising.

A dispatch from Dayton says that at five o'clock, on Wednesday, the canal bank broke at the mouth of Mad river, the water sweeping away frame houses, shops, great piles of lumber, and other property. The water rushed through St. Clair, Jefferson and Ludlow streets, submerging part of the main business portion of the town, and reaching the first floors of many dwellings and stores. The back water encroached on the southern part of the city, and at midnight, on Wednesday, the greater portion was under water, in some places four feet deep. The whole country in the neighborhood has been devastated. The loss of standing corn, fences and stock is enormous. There is no railroad connection anywhere from Dayton except by the Little Miami route via Xenia.

The Louisville *Democrat* of yesterday says: The rain on Tuesday night poured down in perfect torrents, and the whole city was thoroughly submerged, causing great damage to the city. Telegraph communication has been considerably interrupted, but connections are maintained with the principal points of the country.

European News by Steamer—The Crops.

NEW YORK, September 21.—By the Java we learn that the rain continued in England, and the still outstanding crops were sustaining considerable damage.

A French Agricultural journal sums up as follows: The latest accounts of the harvest in France; there is neither ordinary quality or quantity of wheat, and but for free importation, a scarcity would succeed the abundance of the past three years. England is also beginning to complain, not of quantity but quality. Russia has had an excellent wheat harvest as well as Spain. Italy does not seem to be much more fortunate than France. The locusts have ravaged Algiers; and as to the United States the defect is still greater than in France. Northern Germany appears to be divided. The Southern provinces of Hungary have suffered much.

LIVERPOOL, September 8.—The sales of cotton for the week were 49,570 bales, including [illegible] bales on speculation and 12,600 for export. The stock on hand, 850,850 bales, includes 30,961 bales of American. Wheat—Winter Red and Southern, 10s 6d@11s 3d. Indian Corn 27s for [illegible], and 28s 3d for Yellow. Lard [illegible] per one hundred weight, for American.

The Great Rain Storm.

NEW YORK, September 21.—Dispatches from Cincinnati, Columbus, St. Louis and Chicago state that the storm had ceased at those places. At Chillicothe and Pittsburgh it rained all last night. Trains on the Little Miami, Indianapolis and Cincinnati, and the Marietta and Cincinnati are running. On the Cincinnati, Hamilton and Dayton, and Atlantic and Great Western, trains are running to Hamilton. Several hundred feet of embankment at that place had been carried away. At Pittsburgh the Ohio River is about 28 feet deep, and still rising.

A dispatch from Dayton says that at five o'clock on Wednesday the canal bank broke at the mouth of Mad river, the water sweeping away frame houses, shops, great piles of lumber and other property. The water rushed through St. Clair, Jefferson and Ludlow streets, submerging part of the main business portion of the town, reaching the first floors of many dwellings and stores. Back water encroached upon the Southern part of the city, and at 12 o'clock on Wednesday night the greater portion was under water, which in some places was four feet deep. The whole country in the neighborhood has been devastated. The loss of standing corn, fences and stock is enormous. There is no railroad connection anywhere from Dayton, except by the Little Miami route via Xenia.

Outrages on Unionists.

NEW YORK, Sept. 21.—A *Tribune* special from New Orleans says: I have received trustworthy information that five men were hired to assassinate Governor Wells, when on his way back to this city from his late visit to his home in the parish of St. Landre. The Governor having received information of their design, avoided them by taking a circuitous route of over four hundred miles.

Information has been received from different parishes that bands of lawless men are committing outrages on white and black Unionists.

The Academy of Music in this city opened last Monday week, and every night that the national airs were played they were emphatically hissed and groaned down by the disloyal audience.

A *Times'* New Orleans special says: Reports from St. Landre and Rapid Parishes state that [illegible] bands of desperadoes, including in their number some of the civil authorities, are committing murders almost daily. The victims are generally Union men and freedmen.

Missouri Radical Nominations.

ST. LOUIS, Sept. 21.—The Radicals of the Second District, in convention at Franklin, yesterday, nominated Judge Newcomb, of Jefferson county, for Congress. Resolutions were adopted sustaining Congress and favoring the [illegible] of the seceded States as territories until readmitted to the Union by Congress.

The Radicals of the Eighth District, in convention at Macon City, yesterday, nominated [illegible] for re-election, by acclamation.

The *Denver News* says: Intense indignation has been aroused among the people of Colorado by the action of Gov. Cummings in giving a certificate of election to Hunt, when Chilcott received 1,000 of a majority by the official returns of the late election for Congress.

Gen. Sherman arrived at Denver on the 15th inst., and had a public reception.

New York Cholera Report—The Dry Tortugas Fired Upon by a Vessel With the Confederate Flag—Dr. Mudd Wounded.

NEW YORK, Sept. 21.—Eight cases of cholera and three deaths are reported in the city.

Florida papers say the island of Dry Tortugas was recently fired upon by a strange craft bearing the Confederate flag, and Dr. Mudd, who is confined there, was seriously wounded by the explosion of a shell. The vessel was a schooner rigged steamer and painted a lead color, with four guns on each broadside, which were all discharged at a distance of two miles from the island, when the boat put to sea. The United States Revenue Cutter was lying in the harbor at the time, but not having steam was unable to pursue.

Desperate Fight With Indians—Thirty-Five Captured and Hung.

SAN FRANCISCO, Cal., September 19.—The election in Montana, on the 4th instant, is reported to have resulted in a Democratic victory by a majority of two thousand.

An Idaho correspondent says: Major Marshall had a desperate fight with the Indians at Three Forks, on the Owyhee, about the first of September, and captured thirty-five of their number, whom he hung.

The late fire at the Mission Woolen Mills is said to have consumed seventy thousand pounds of wool. Another woolen factory, with water for motive power, is to be established in Coles county, California.

Choice shipping grades of wool are quoted [illegible] cents.

Changes in the Postoffice Department—Circular by the Secretary of the Treasury—The Weather.

WASHINGTON, September 21.—The Postmaster General has, since yesterday, made about one hundred and fifty changes of postmasters and twenty-five of route agents, the latter principally in the west.

The Treasury Department has issued a circular in accordance with the act of July last, repealing the fishing bounties, continuing [illegible] governing the allowance of drawbacks on imported salt for curing fish.

A heavy rain has been falling throughout [illegible], causing a change in the temperature [illegible] the extent of about twenty de[illegible]

[illegible]

[illegible], September 21.—During the gale last [illegible] the schooner [illegible] was driven [illegible] north of this city. The captain [illegible] attempted to reach the shore in a small boat, which capsized. [illegible] On one or two wood roads [illegible] bridges and culverts have been either [illegible] destroyed by freshets. [illegible]

Mysterious [illegible] Expedition to Ireland.

NEW YORK, September 21.—[illegible]

Southern Loyalists in Cleveland—They Meet in the Convention Tent.

CLEVELAND, September 21.—The Southern Loyalists met and adjourned. A very large meeting in the Park this morning, under the tent imported from Boston for the Soldiers' and Sailors' Convention of Monday and Tuesday. The first speaker was Governor Hamilton, of Texas, who spoke at length and clearly on the different issues between President Johnson and Congress, and adjured the people to see that the settlement between the disloyal States and the General Government shall be of a nature to secure lasting peace. His speech was very warmly received. Judge Sherwood, of Texas, followed in a speech full of bitterness toward the President, and not more than half in praise of Congress, which is not sufficiently thorough-going. He advocated negro suffrage to the fullest extent. Governor Brownlow excused himself from making a speech by reason of nervous prostration and weakness, but, nevertheless, spoke at considerable length and with much of his old rigor. The weather has been awful, but the meeting was large and enthusiastic. The party disperses to-night to fulfill engagements in different parts of Ohio.

Yellow Fever at New Orleans—Body of Lieutenant Butts Found—Cholera in Texas.

NEW ORLEANS, September 21.—There were three deaths from yellow fever yesterday.

The body of Lieutenant Butts, of the Freedmen's Bureau, who had disappeared on his way from Natchez to Jackson, has been found in the latter parish. He is supposed to have been murdered for his money by a gang of desperadoes and deserters from the Confederate army, who have been living by plunder, on pretense of being Union men.

Private letters from San Antonio, Texas, report that the cholera is on the increase and that it is very fatal.

Union Meeting at Raleigh.

NEW YORK, Sept. 21.—The *Tribune's* Raleigh dispatch says: A State Convention of Union men was held there on Thursday, at which resolutions were adopted endorsing the Constitutional Amendment, expressing full confidence in Congress, expressing willingness to co-operate without obstinate adherence to any special plan or policy with Congress and executive, to secure a restoration of the Union, repudiating the claims of Gov. Worth to re-election as a Union man and nominating Alfred Dalkeny for Governor.

Steamer J. R. Gilmore Sunk.

CINCINNATI, September 21.—The steamer J. R. Gilmore, bound from Cincinnati to the Arkansas river, with a valuable cargo of assorted merchandise, struck the wreck of the steamer Courier, two miles below Mound City, Illinois, on Wednesday night, and sank almost immediately. The passengers and crew escaped with their baggage. The Gilmore was valued at $28,000, and was insured for $21,000. Her cargo was valued at over $200,000, and was principally insured.

Boston Postmaster Appointed—Steamer Meteor Released.

BOSTON, Sept. 21.—Geo. H. Kingsbury has been appointed Postmaster in place of Mr. Palfrey. It is also stated that Mr. Chandler, Assistant United States Treasurer here, will shortly give place to Mr. Wm. Aspinwall.

The steamer Meteor has been released from seizure, an examination having failed to show cause for her detention.

Bank of Upper Canada Suspended.

TORONTO, C. W., Sept. 21.—It is announced that the Bank of British North America will protect letters of credit from English bankers on the Bank of Upper Canada. The Directors of the Bank of Upper Canada have not yet decided what course to pursue, but it is thought that the institution will be wound up by the assignees. The bills of the suspended bank are selling at thirty and forty cents discount.

Primary Election in Nevada—The Wool Clip.

SAN FRANCISCO, Sept. 21.—A dispatch from Virginia City, Nevada, says the primary election, held yesterday, on which depends the election of United States Senator, resulted for Charles E. DeLong. Nye, the present Senator, lost his ticket.

The fall clip of wool is estimated at three million pounds.

A Board of Health on a Strike.

PHILADELPHIA, Sept. 21.—A difficulty has arisen between the City Council and the Board of Health. The former refused yesterday to grant the appropriation of $20,000 asked for by the latter, and the Board of Health to-day gives notice that it will no longer remove nuisances, &c., and has ordered the Health Officer to suspend all orders for work in his hands.

Arrest of the Philadelphia Murderer.

PHILADELPHIA, September 21.—The *Evening Telegraph*, in an extra, announces the arrest of Gottlieb Williams, the supposed murderer of Mrs. Miller, who was so brutally murdered on Tuesday morning. He was arrested this morning in the northwest part of the city. On searching him at the station, a long and sharp case knife was found in his pocket.

Paying Up.

NEW YORK, Sept. 21.—It is stated that during the past fortnight the sum of $110,000 was received from manufacturers and traders in this city who had omitted to take out licenses in accordance with the Revenue law. The stringent clause of the amended Revenue act in relation to distillers have had the effect of closing some of the smaller establishments.

Funeral of Bishop Young.

ERIE, PA., Sept. 21.—The funeral of J. M. Young, the Catholic Bishop of this diocese, who died suddenly on Tuesday, of disease of the heart, took place this morning. Bishop Domenec, of Pittsburgh, preached the funeral discourse. There were over 1,500 people followed the body.

Nashville Cholera Report.

NASHVILLE, Sept. 21.—Cholera is on the decline. Of twenty-nine cases yesterday, six were fatal. The city is nearly depopulated by fugitives from cholera. Cholera is reported in various parts of Tennessee.

Heavy rains have swollen most of our streams.

Charge de Affairs of Costa Rica.

WASHINGTON, September 21.—Senor Don Ezeguiel [illegible] yesterday presented his credentials to Acting Secretary of State, and was received as Charge de Affaires of the republic of Costa Rica, Seno Don Luis Molina having resigned as Minister Plenipotentiary of that republic.

Another Head Off.

BUFFALO, September 21.—Hon. Philip Dorsheimer has been removed as Collector of Internal Revenue for this district, and Nelson K. Hopkins appointed in his place. It is understood that the democrats will re-nominate Humphrey, the present member of Congress, for the 30th district.

Cholera in Louisville—Snow Squall.

LOUISVILLE, Sept. 21.—Eleven cases of cholera have occurred since noon, three of which were fatal, all in one locality, near the corner of Green and Tenth streets.

There was a slight snow squall last night.

The Flood at Dayton.

DAYTON, O., Sept. 21.—The city is almost clear of water and the river rapidly receding. No railroad communication yet in any direction, except with Peoria and Greenville. Weather cool and cloudy, with indications of a clear up.

River and Weather at Louisville.

LOUISVILLE, Sept. 21.—River stationary with eleven feet water in the canal. There is eight feet steamboat water on the Falls. Weather chilly; mercury 50, barometer 29.63 and rising.

Congressional Nomination.

UTICA, N. Y., September 20.—The Democratic Union County Convention at Rome, to-day nominated Palmer V. Kellogg, of this city, for representative in Congress.

The Cholera in New York.

NEW YORK, September 21.—There were three fresh cases of cholera in the city yesterday, and seven burial permits were issued. In Brooklyn only one case was reported.

Gen. Couch Collector at Boston.

NEW YORK, September 21.—*World's* special says: Maj. Gen. Couch was to-day appointed by the President, Collector of the Port of Boston vice Hannibal Hamlin, resigned.

More Troops for Canada.

POINT AU BASQUE, Sept. 20, 10 A. M.—A large steamer, barque rigged, is passing west. She is supposed to have British troops on board for Canada.

Payment of Bounties.

WASHINGTON, Sept. 21.—The War Department has just issued an important series of rules and regulations concerning the payment of increased bounties.

Cholera at Hartford, Connecticut.

HARTFORD, Conn., September 21.—There were twelve deaths from cholera in this city yesterday. No other cases are reported.

Rains at Richmond.

RICHMOND, September 21.—There were very heavy rains last night and this afternoon, accompanied by a high wind.

Gold, Silver and Coupons bought at highest rates, and Gold Drafts issued on New York.

FINANCE AND TRADE.

FRIDAY, September 21, 1866.

The New York stock quotations to-day, as received by P. H. Mertz, were as follows: Gold, 144¾; 1881 bonds 111¾; old 5-20s, 111¾; new do, 108¾@108½; 10-40s 98¾; 7-30s, 106 small, 105¾; Michigan Southern R. R., 83¾; Cleveland & Pittsburgh Railroad, 87½; Pittsburgh, Fort Wayne & Chicago Railroad 105¾; Erie, Railroad, 76½; Western Union Telegraph Company, 56½; Chicago & Rock Island, 111½; Chicago & North Western, preferred, 87¾.

The stock market is again higher to-day. Erie, Cleveland & Pittsburgh, and Fort Wayne Railroad stocks are strong at an advance of 1 per cent. Western roads that have sustained heavy losses by the recent floods, declined, and Western Union Telegraph is weak, and 2½ per cent lower.

Gold is lower, but reported strong, and may possibly, in spite of all the incoming shipments, advance 2@3 per cent at any moment. The abundance of money enables parties to carry large amounts at low rates of interest. Government bonds are steady but quiet. There seems to be little or no demand for investment, and lower rates are looked for.

The flutter in Columbia oil stock seems to have subsided somewhat, as there is less inquiry for the stock at the advanced prices. Our local bonds, county and city, are in good demand, while Bank shares are very quiet.

—The western money markets are reported moderately easy—more so than usual at this season—but the bank rates of discount at Chicago and Cincinnati remain steady at 10 per cent, and 8 to 9 respectively. The return flow of money from the interior to the western cities is still going forward, and the drain from the east is imperceptibly light. This is mainly owing to the local monetary centres of the country having been well supplied with currency previous to the harvesting of the crops, since which time the payment of interest on the Seven Thirty loan and the redemption of the five per cent temporary loan have greatly added to the available funds of the interior as well as the metropolitan banks.

—Says the New York *Tribune*:

The ease in money and the general return of speculators from the country are producing the usual effect upon the stock market, where greater activity and advancing quotations are recorded. As long as the great fact remains that the public and the mass of operators are bulls, or buyers, this result will continue to be shown after the summer holidays, but prudent people must not forget that success in such operations as now mark the street requires a constant supply of new and credulous buyers, *which the future will probably not produce this year.* The Treasury Department is rapidly moving toward specie payments, and at no distant day the national banks will take the alarm, and create a disturbance in money. By preparing to redeem the circulation, their debtors will suffer severely in the form of declining values in commodities sold to pay debts, which never shrink. During the contraction which must precede resumption, the great body of stocks dealt in at the exchange will be among the severest sufferers, from the simple fact that they are insecure as compared with Government stocks, to whose support they must contribute in taxes. Railway shares are held to a greater extent by speculators upon margins than ever before, and at no time, since they commenced to be inflated by paper money and bold combinations has the market been in a more dangerous condition.

—We find the following particulars in regard to the suspension of the "Producers' Bank" of Chicago, in the Chicago *Tribune* of Thursday:

The suspension of the Producers' Bank, of this city, was announced at an early hour this forenoon, but the event did not give rise to any excitement whatever in financial circles. The Bank was a small institution, and from the mysterious manner in which it was reported to have been conducted, was not very popular with our merchants, though it enjoyed a considerable country business, which, rumor says, was obtained on terms such as no legitimate banking house could afford. It was organized some two years ago, in conformity with the State law, under an old charter, obtained several years since; and about the time of the adoption of the "greenback system" by our business men, enjoyed a considerable circulation, which has since been withdrawn with the exception of about $5000 still outstanding. On this the holders will not suffer any material loss, as security for its redemption had been deposited with the State Auditor at Springfield. The stock of the institution, said to be $250,000, was mostly under the control of, and owned by Harvey Doolittle, who had been for several years engaged in a private banking business. The owners of the balance of the stock, if any, are unknown, and in financial circles are regarded as rather mythical. Mr. Doolittle at the present time declines to give any statement of the affairs of the bank, and says he was forced to suspend, owing to being short of currency, and having extended his discount lines further than his reserves warranted. During the past two days the bank has been offering New York exchange very freely, and as we are informed by Mr. Doolittle, sold about $25,000 on Monday last. Whether this will be a loss to the buyers or not, we cannot say. Yesterday afternoon Mr. Doolittle was very anxious to sell an additional amount of exchange and hawked it round to several of our banking houses, but, as he informs us, could find no buyers. The suspension is at present shrouded in mystery, and will probably only be ventilated through the Courts.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, }
FRIDAY, September 21, 1866. }

The produce markets continue quiet and dull, generally speaking. Flour and Wheat are somewhat excited, in consequence of the excitement in the western markets, but other articles remain quiet and unchanged. The arrivals of produce from the west, it is probable, will be somewhat restricted for some days as the recent rains, it is reported, have seriously injured some of the western roads.

GRAIN—Wheat is in light supply and held at an advance. Sale of 1 car No. 2 Spring at $2,25, and 1 car Red Winter at $2,75. There is some inquiry for Barley and but little offering. Rye is quoted at 95 to $1. Sale of 1 car prime Yellow Corn at 94; 1 car prime Oats, in elevator, at 48; and 300 bush from store at 48.

FLOUR—There is a continued good demand, and the most of our dealers are sold ahead. We quote the market firm at $11 to $12¼ for Spring Wheat; $12 to $12½ for half Spring and half Winter; and $13 to $13½ for all Winter. Sale of 50 bbls "Baltic" at $12. Rye Flour is selling in small lots at $6 50 to $6,75.

PROVISIONS—There is a steady demand for Bacon, and we can report regular sales at 17½ to 17¾ for Shoulders; 19½ to 20 for Ribbed Sides; and 25 to 26 for Sugar Cured Hams. Lard is dull but firm at 21¼. Mess Pork in limited supply and firm at $34,50 to $34,75.

MILL FEED—Sale of 6 tons prime heavy Middlings at $1,90. Bran is selling at 95 $1,00; Shorts $1,10@$1,15, and Seconds at $1,40 to $1,50.

APPLES—The supply continues somewhat in excess of the demand, and the market is dull but unchanged; sales in a regular way at $2 to $2,50 per bbl—choice, in large sized barrels, at $3.

BUTTER—Is steady and in fair demand; sales of fresh packed, in firkins and pails, at 28 to 30, and fresh roll at 30 to 33.

CHEESE—Is firm but unchanged. Sales of Western Reserve at 16 to 17; Hamburg at 17½ to 18, and Goshen at 20 to 21.

EGGS—Scarce and in brisk demand; fresh packed sell readily at 23.

SEEDS—There is a good demand for Flax Seed at $2[illegible], and a round lot might bring a fraction more. Timothy Seed is very dull, and the market is pretty well glutted with it. There is no movement in Clover.

HAY—Prime Baled, in good condition, is selling at $20 to $22 per ton—a sale was effected to-day at $22, on wharf, but the hay had been exposed to the rain.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, }
FRIDAY, Sept. 21, 1866 }

CRUDE—There was a fair business done in Crude to-day, comparatively speaking, though there is still plenty of room for improvement, while so far as prices are concerned, there has been no change worthy of special notice. We can report sales of 700 bbls, in bulk, on the spot, at 14; 2000, to arrive, at 13½, and 1000 bbls, to be delivered in November, at 14. The advices from the east continue unfavorable, and buyers generally still seem disposed to hold off, in anticipation of lower prices, but holders do not seem disposed to make any further concessions, in order to effect sales.

REFINED—There was rather more activity in bonded oil to-day, but at lower prices. We can report 500 bbls for this month, seller's option, at 32½, free on board cars, here; 500 do same delivery at 32; 500 do do at 32; 250 do at 34; and 500 for October, buyer's option, at 35½. For Philadelphia delivery, 35½ was the best offer to-day—36 for standard white, and even at these figures, the demand is by no means pressing. The foreign news by the last steamer is said to be unfavorable, and to this, partially at least, may be attributed the present dullness and decline.

RESIDUUM—There is some inquiry for this article, mainly on eastern account, but we have no sales to report, and $5 may be considered a fair quotation.

ARRIVALS—The arrivals were very light to-day, owing to the high stage of water, which renders running oil boats a little dangerous. Jas. Wilkins got in 314 barrels; J. R. Striebler 238, and Sarbour & Co. 195.

PITTSBURGH IRON MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, }
FRIDAY, Sept. 21, 1866. }

The transactions in metal were rather light this week. This was not owing to any [illegible]

30 tons No. 1 Juniata.............. $[illegible]

MARKETS BY TELEGRAPH.

New York Stock and Money Market.

NEW YORK, September 21.—The demand for money is moderate from stock brokers, and it is met readily at 4@5 per cent., mostly at the inside rate. The government bankers have balances offered them at 3 per cent. The offerings for discount are generally light, and prime paper is in demand at 5@6 per cent. There is a little firmer feeling in the market for Foreign Exchange, but the business is very light. Prime banker's bill on London are quoted at 107@107¼ for sixty days, and 107¾@108¾ for short sight. The Continental rates are unchanged.

The stock market was a little lower at the close as compared with the highest point at the second board. Petroleum shares were dull. The Hope Gold Company has received seventy ounces of gold from the mine, which realized $1,739. Petroleum Stocks—Rynd Farm, 30; United States, 25. Express Stocks—Adams, 104½. Mining Stocks—Benton, 195; Consolidated Gregory Gold, 16,90; do, 16,85; do, 17,00; Corydon, 5,25; do, 5,15; do, 5,10; Downieville, 175; Keystone, 21; Kipp & Buell, 100; Rocky Mountain, 725; do, 730; do, 720; do, 710; Smith & Par, 11,75; do, 11,65; do, 11,70; Wackill, 2,85; do, 2,80; do B 10, 2,85; do, 2,80.

The *Commercials* money article says: The upward tendency in the stock market is interrupted by a break in the operations in Erie this morning; large sales of Erie were effected apparently realized and prices fell off to 75¼, a decline of 2 per cent. The market generally sympathized with the fall in the stock, and railroad shares averaged about ½ per cent. below the figures of yesterday afternoon.

After board there was some disposition to buy Erie, and the general market was steady, at about board quotations. Governments continue generally quiet, except five-twenties of '62, for which there is a moderate inquiry. The wild speculation in Gold stocks which has been raging for some time past, appears to have reached its culmination. The market is lower, with one or two exceptions, and there is a general disposition to realize. The effects of the receipts of gold from Europe and Aspinwall have a steadily depressing effect on the gold premium. This morning the price ranged about 1c lower. The principal support of the market is the constant large short interest. The rate to-day on loans has been 1-32 per cent per diem. The Java brought $1,450,000 in specie. The Money market is unchanged.

Stocks steady; United States 6s, '81, 111¾; U. S. 6s, 5-20 Coupons '62, 111¾; U. S. 6s, 5-20 Coupons registered, '62, 108¾; U. S. 6s 5-20 Coupons, '65, 108¾; U. S. 5s, 10-40 Coupons, 99; Treasury, 7-30s, 3d series, 106; Tenn. 6s new, 72½; O. & M. Certificates, 28½; N. Y. C., 106¾; Erie, 75¾; Reading, 115; M. S., 83¾; Ill. C., 121¼; C. & P., 87; C. & N. W., 35¼; C. & T., 117¾; C. & R. I. 111; C. & A., 107¾.

At the 4 o'clock board stocks were steady. Gold 143¾; U. S. 6s '81, R., 111¾; U. S. 6s. 5-20 Coupons '62, 111¾; U. S. 6s, 5-20 R '62, 108¾; U. S. 6s 5-20 Coupons '65, 108¾; U. S. 5s, 10-40 Coupons, 99; Treasury Notes, 7-30s 2d series, 106; Tenn. 6s new, 72½; O. & M. Certificates, 28¾; W. U. T. 56¾; P. M. S. S. Co., 220; N. Y. C. 106¾; Erie, 75¾; Reading, 115; I. C., 121½; C. & P., 87; C. and N. W., 35¼; O. and T., 117¾; C. and R. I., 111, C. and A. 107¾.

New York Produce Market.

NEW YORK, September 21.—Cotton quiet and rather easier, though without any noticeable changes; sales very light, at 35@35½c for Middling Uplands, and 37c for Middling Orleans. Flour quite firm with a fair enquiry; $7,25@10,20 for Extra State, $9,55@11,40 for Extra R H O. and $11,45@13,50 for Trade Brands, the market closing firm. Whisky firm and in good demand; in bond, $2,40. Wheat—receipts, 48,66[illegible] bush—market 1@2c better and in fair demand; sales 35,000 bush at $1,75 for common Milwaukee, $2,02,10 for mixed Milwaukee, and $2,26 for fair old No. 1 Milwaukee. Rye scarce and firm at 86@90c for State, $1,15 for Old, Canada West $1,35. Corn—receipts, 176,000 bush—irregular, unsettled and 1c higher; sales 176,000 bushels at 85c for Inferior, 85@87½c for Mixed Western afloat, 87@88c in store, 93c for White Western. Oats; receipts 25,100 bush; market less active but prices without decided change; sales 42,000 bush, at 45@48c for Chicago, and 48@50c for Missouri. Petroleum lower and dull, at 26@26½c for crude, and 41@46c for refined in bond. Pork dull, at $33@33,10 for new mess, closing at $33, cash; $31,25, 31,35 for old mess, and $30 for prime; also 2,650 bbls new mess for September and October at sellers' and buyers' option, $33,10@33,12½. Beef steady. Provisions, at previous prices. Beef Hams dull and nominal. Bacon inactive. Cut Meats unchanged, at 14¼@15c for shoulders, and 18@20c for hams. Lard heavy and lower, at 17@19c, and small lots at 19¼@19½c. Butter unchanged, at 30@31c for Ohio; 35@45c for State, and 34@55c for Orange county, pailed. Cheese firm, for prime grades 16@18c.

New York Dry Goods Market.

NEW YORK, Sept. 21.—The dry goods market is not quite so active. Brown Sheetings—Atlantic A, 23½; Appleton A, 23; Broadway, 21½; Nashua extra, 21½; Bedford, 16. Bleached Shirtings—Gates, 35; do. B B, 29; Bartlett, 30; Blackstone, 29¼. Prints—Sarner & Co., 20½; American, 18½; Amoskeag, 19; Empire, 12½. Hoop Skirts—Bradley's Duplex Elliptic and Empress Trail are in good demand. Meyers IXL 1½ inch tapes, 48 to 78. There is a little falling off in the volume of business in some branches of trade is noticeable. In dry goods jobbers are only buying to keep up assortments. Trade is in a very healthy state. Quite an interesting rivalry is going on in regard to standard Sheetings, and the two great jobbing houses are selling the same goods at 21@21½ that the agents ask 22@22½ for. Brown goods are firm and selling at full prices. Bleached goods are in request and a fraction firmer. Prints are sold up very close, and the market is well sustained. Woolens are heavy, except for any new and really desirable goods. There have been some large clearing out sales of past styles of fancy Cassimeres at a sacrifice. In Foreign Dress fabrics there is a good demand for fine goods at about previous prices, but low priced Saxony and British goods are lower. In other departments—carpets, hardware, and boots and shoes—a good trade is done at full previous prices. Ticks—Amoskeag A, 46; do. B, 41; do. C, 36. Stripes—Amoskeag, 37; Albany, 14.

Chicago Market.

CHICAGO, September 21.—Flour active and unchanged. Wheat dull and declined 5@6c; sales at $2,08@2,10 for No. 1, and $1,85@1,97 for No. 2. Corn excited and advanced 3@3½c; opened at 58@60c, and closed at 61¾@62c for No. 1, and 57¼@58½c for No. 2. Oats steady at 31½c for No. 1 and 29½@30c for No. 2. Mess pork $33@33,25. Highwines firm. Freights advance ½@1c.

Philadelphia Market.

PHILADELPHIA, Sept. 21.—Petroleum declining. Flour firm and unchanged. Wheat is steady, at $1,75@2,95 for red, $2,40@2,60 for spring, and $2,85@3,00 for white. Corn is firm; yellow 95 and western mixed 99. Whisky is unchanged.

St. Louis Market.

ST. LOUIS, September 21.—Flour firm without quotable change. Wheat higher; $2,50@2,60 for prime Fall and $[illegible] for choice. Corn ranges at 67@78c. Oats unchanged. Provisions unchanged. Whisky higher at $[illegible].

Cincinnati Market.

CINCINNATI, Sept. 21.—Flour firm. Whisky very firm at $2,25@2,32½. Provisions firmer with an improved demand. Mess pork $32,25@32,37; held at the close at $32,50. Lard dull, and offered at 18c. [illegible]

Milwaukee Market.

MILWAUKEE, September 21.—Flour steady. Wheat $2,05. Corn firm at 60@62c.

Receipts of Flour and Grain at Tidewater.

The quantity of flour, wheat, corn and barley left at tidewater during the first week in September, in the years 1865 and 1866, was as follows:

	Flour.	Wheat.	Corn.	Barley.
1865..............	20,000	319,000	875,400	13,900
1866..............	1,800	57,300	1,305,400	6,100
	Dec. 28,300	Dec. 261,700	In. 430,000	Dec. 9,800

The aggregate quantity of the same articles left at tidewater from the commencement of navigation to the 7th of September, inclusive during the years 1865 and 1866, was as follows:

	Flour.	Wheat.	Corn.	Barley.
1865....	421,100	3,365,600	7,729,300	190,700
1866....	137,400	1,990,300	15,055,300	148,400
	Dec. 283,700	Dec. 1,375,300	In. 7,326,000	Dec. 42,300

By reducing the wheat to flour, the quantity of the latter left at tidewater this year, compared with the corresponding period last year, shows a decrease of 558,700 bbls flour.

Chicago Cattle Market.

CHICAGO, September 20.—The fresh receipts of beef cattle to-day at the Union Stock Yards are 1,302 head. Entered sales, 307 head, at prices ranging from $4,50@5,10 for common cows and heifers, $4,40@6,25 for fair butchers stock steers, and from $7,25@7,80 for fair to good shipping beeves. The market is dull and inactive at a reduction of from 10@25c per 100 lbs. There are a few lots of choice steers in the yards, but sellers refuse to accede to the above decline, and it is probable that many will be shipped on owners' account. The advices from New York quote a decline on best grades of ¾c, and buyers here are not disposed to pay the price asked. The principal transactions are for common cows and stock steers, of which there is abundant supply—estimated at from 4000 to 5000 head in the yards at the present writing. The market rules weak at the close.

IMPORTS BY RAILROAD.

PITTSBURGH, FORT WAYNE & CHICAGO R. R. Sept. 21—3 cars pig lead, J B Canfield; 100 bbls flour, T C Jenkins; 100 do do, Watt & Wilson, 100 do do, Seghmyer & Voskamp; 8 bbls oil, G A Kelley; 113 bgs barley, W H Garrard; 11 bbls apples, L H Voigt & co; 2 cars hay, W Bingham; 7 cars metal, Nimick & co; 35 bbls flour, J Gardiner; 10 tcs hams, Cook, Bro & co; 10 bbls oil, E H Myers & co; 1 car millfeed, A Taylor; 31 doz brooms, J S Dilworth & co; 183 bgs barley, W J Meek; 1 cask meat, J Lippincott; 10 bbls flour, W Bingham; 11 bbls apples, W D Patterson; 25 bbls oil, F Sellers; 5 hhds tobacco, M Hoyt; 5 bbls oil, 10 bxs candles, Kirkpatrick & Bro; 75 bbls flour, Shomaker & Lang; 140 do do, 20 do beans, L H Voigt & co; 25 bxs candles, Atwell, Lee & co; 164 bbls oil, Kier, Moore & co.

CLEVELAND AND PITTSBURGH RAILROAD.—September 21.—2 cars rye, Ammon & Scott; 100 bbls flour, J & W Fairley; 3 cars iron, Nimick & co; 2 cars bloom, John Moorhead; 10 boxes cheese, John Daub; 25 cases clothes pins, J D Thompson; 27 bbls apples, Pettit & Newlin; 2 sks rags, Godfrey & Clark; 10 bbls apples, 20 bxs cheese, Potter, Aiken & Shepard; 25 boxes cheese, R Dalzell & co; 4 bbls apples, Voigt & co; 10 jugs molasses, Scattergood; 3 bbls eggs, H Riddle.

RIVER NEWS.

The river rose about three and a half feet at this point during the twenty-four hours ending last evening, at which time it was still rising steadily with twelve feet in the channel by the Monongahela, and thirteen feet by the Allegheny marks. At Oleopolis—some distance above Oil City—the Allegheny was rising rapidly, at last accounts yesterday, with seven and a half feet in the channel at that point. Heavy rains are reported at the headwaters of the Monongahela, and a rise of considerable magnitude is expected in that stream. The weather continues cloudy, but considerably colder, with occasional showers of rain.

The Leni Leoti arrived and departed for Parkersburg, and the Julia No. 2 got in about noon from Portsmouth, with a very fair trip, including a considerable amount of metal. The Forest City, from Parkersburg, is due here this morning, and will return again at noon.

We understand that Capt. Smith of the "Quick step" has traded his interest in that boat to Capt. W. B. Donaldson for the "Spray." The Quick-Step is a new side-wheel boat, not yet quiet completed, and Capt. Donaldson intends running her between here Cincinnati until the Great Republic is finished. The Spray is now on the dock undergoing repairs, and the Quick-Step will be ready to commence business about the latter end of next week.

In our report of yesterday we gave a statement of the different tow-boats that had left, or would leave for below with coal. The following named boats which left yesterday were not included in the list:

Boats.	Barges.	Bush.
Venture.........	8	50,000
Webster.........	6	60,000
Tom Farrow.........	7	70,000
Lioness.........	10	100,000
Hawk.........	6	60,000
A.J. Baker.........	6boats	120,000
		460,000
Previously Reported.........		3,199,000
Total.........		3,659,000

Passengers and shippers should bear in mind that the Armenia, Capt. McCallum, will leave for St. Louis this afternoon. Mr. A. C. McCallum, the clerk, will see that all having business with the boat receive every proper attention.

The Argosy, Capt. Vandergrift, is filling up steadily for Cincinnati, as is also, the steamer Belle Vernon, Capt. Darragh, for St. Louis. The Importer, Capt. Noss, is announced for New Orleans.

The Allegheny River Packet Company have fairly got into operation again, and the line will doubtless do a good business. The Ida Rees No. 2 left last evening, and the Peerless will leave this afternoon.

The old Ida Rees with a cargo of oil barrels and pig metal, was due from Cincinnati [illegible] night, and will doubtless be found in port [illegible] morning.

The R. C. Gray, Glasgow and Bertha were loading at Cincinnati for Pittsburgh on Thursday.

We extract the following river items from the Cincinnati *Commercial* of Thursday:

Capt. Wash. H. Kerr yesterday purchased the Robt. Moore from the Big Sandy Packet Company for $20,000, cash, for the Portsmouth and Pittsburgh trade. The Robt. Moore will leave here on Saturday to enter her new trade in place of the Revenue, recently sunk. Notwithstanding Capt. Kerr's misfortunes, he is determined to keep up his old trade.......Two and one-fourth inches of rain fell in this vicinity from 4 p. m. Tuesday, until 7 a. m., yesterday.........The John W. Garrett, with three barges, is loading at Wheeling for St. Louis, and will arrive here on Monday and leave for St. Louis on Tuesday.........Capt. D. G. Fowler, of the house of Fowler & Sheerer, returned from his southern tour yesterday.........Capt. James O. Durff, river editor of the Memphis *Avalanche*, arrived in the city yesterday. We met him on the levee prospecting. He will remain in the city a day or two.........We understand there was an informal meeting of the principal stockholders of the Pomeroy and Big Sandy Packet Companies in this city yesterday. We suppose, or at least hope, compromise was the object of the meeting, as opposition on the river, in any trade, will not pay, it being difficult for almost any boat to exhibit a profitable balance sheet at the present low rates of freight and passage.........Mr. Mark J. Stamp, clerk of the Glasgow, dropped this fine packet down to the levee last evening. She will load and leave for Pittsburgh on Saturday. Capt. Johnston, her commander, will arrive from Pittsburgh this evening.....Owing to the damage to railroads, caused by the recent rains, we failed to receive our Louisville and Pittsburgh exchanges last night as usual.

STEAMBOATS.

FOR CAIRO AND ST. LOUIS.—The passenger steamer BELLEVERNON.........Capt. J. J. DARRAGH, Jr. Will leave for the above and all intermediate ports on SATURDAY, 22d inst. For freight or passage apply on board, or to se20 JAMES COLLINS, Agent.

PITTSBURGH, BROWNSVILLE AND GENEVA U. S. MAIL PACKET COMPANY. Will run three daily side-wheel steamers between Pittsburgh, Monongahela City, Brownsville, Rice's Landing, Greensboro, Geneva and the Dunkard Oil Regions. This line is composed of the following steamers:
FAYETTE.........CAPT. M. A. COX.
TELEGRAPH.........CAPT. D. HUGHES.
FRANKLIN.........CAPT. E. W. CARMAC.
GALLATIN.........CAPT. A. S. CARLILE.
These packets will leave Pittsburgh daily at 8 a. m. and 4 p. m. except Sunday, when the departure will be at 8 o'clock, a. m. The through packet for the Oil Regions will leave Pittsburgh daily at 4 p. m.; Brownsville daily at 6 a. m.
RETURNING—Leaves Brownsville for Pittsburgh daily at 7 a. m. and 4 p. m. Leaves Greensboro and Geneva at 12 o'clock; Rice's Landing at 2 p. m.
The line is composed of first-class side-wheel steamers, built expressly for the trade. They are commanded by officers of long experience, who will pay particular attention to the wants and comfort of passengers. The boats will leave promptly at the hour advertised.
FREIGHTS RECEIVED AT ALL HOURS.
For further particulars, enquire of WM. McELROY, Agent, At the Wharf-Boat, foot of Grant st., Pittsburgh. L. COLVIN, Agent, my31:h160 Brownsville, Pa.

IN THE SUPREME COURT FOR THE EASTERN DISTRICT OF PENNSYLVANIA.—CLARENCE H. CLARKE, a holder of bonds secured by a mortgage executed by the Chartiers Valley Railroad Company, vs. THE CHARTIERS VALLEY RAILROAD COMPANY and JOHN GRAHAM and J. EDGAR THOMSON, Trustees in said mortgage. In equity, July Term, 1861, No. 12.

By virtue and in pursuance of an order and decree of the Supreme Court of the State of Pennsylvania, entered September 6, 1866 in the above case, will be sold at the Rooms of the Board of Trade, in the city of Pittsburgh, State of Pennsylvania, at public auction, to the highest and best bidder, on TUESDAY, the Thirtieth day of October, A. D., 1866, at Twelve o'clock, NOON, All and singular the entire Railroad constructed and to be constructed, extending from the point of junction of The Chartiers Valley Railroad with the Pittsburgh and Steubenville Railroad, in the county of Allegheny and State of Pennsylvania, to the borough of Washington in the county of Washington and State aforesaid, with all its privileges, appendages and appurtenances, and all the Estate, real and personal rights, liberties and franchises, whatsoever and wheresoever situated and belonging to the said The Chartiers Valley Railroad Company, or which may hereafter be acquired. And also all the rights, liberties, privileges, benefits and emoluments secured to the said Chartiers Valley Railroad Company by certain articles of agreement made and entered into in writing by the said Pittsburgh and Steubenville Railroad company and The Chartiers Valley Railroad Company, dated the twenty-seventh day of April, and the twenty-sixth day of May, A. D., 1854, and recorded in the office for recording deeds, &c., in and for the county of Allegheny, in the State of Pennsylvania, in Deed Book Vol. 118 page 85.

Said sale to be made upon the following terms and conditions:

1st. The sum of $21,500 to be paid in cash at the time of sale.

2d. In the event of any of the holders of the bonds, interest warrants or coupons secured by the mortgage bearing date the first day of January, A. D., 1856, executed and delivered by the said Chartiers Valley Railroad Company to John Graham and J. Edgar Thomson, Trustees to secure the payment of four hundred thousand dollars, recorded August 25th, 1856, in Allegheny county, in Mortgage Book, volume 31, page 6, becoming the purchasers of the said premises at the said sale, by themselves or with others, they will be authorized and allowed to make payment of the balance or residue of the price or purchase money bid by them at said sale either in whole or in part by transferring or delivering up to the trustees aforesaid the bonds and interest warrants or coupons held by them at the time of sale, to the value of the sum or price bid by them; the said bonds, interest warrants or coupons to be estimated at such rate per cent. of the par value thereof, as the holders so purchasing may be entitled to receive thereon out of the whole price or sum for which said premises shall be sold as aforesaid, first deducting from the said price or sum the amount aforesaid; and the balance, if any, of the said purchase money shall be paid by the purchaser in cash, within thirty days after the day of sale.

3d. In the event of said property and premises being purchased by persons other than the holders of the bonds and coupons aforesaid, then the whole purchase money shall be paid to said trustees; the sum of twenty-one thousand five hundred dollars at the time of the sale, and the balance in thirty days thereafter.

4th. Upon the sale being so made, and confirmation by the Court and compliance with the terms thereof by the purchaser, the said trustees shall grant and convey to the purchaser all and singular the said premises and appurtenances free and discharged from all lien and encumbrances whatsoever.

JOHN GRAHAM, } Trustees.
J. EDGAR THOMSON, }

MEDICAL.

GREENBACKS
ARE GOOD.
BUT
ROBACK'S BITTERS
ARE BETTER,
Roback's Stomach Bitters,
After years of experience and trial, have proven to be the best remedy extant for all complaints where a tonic and stimulant are required. They never fail to strengthen the weak, impart vigor to the strong, and in all respects restore shattered and broken down constitutions. No remedy has been received with as much favor as ROBACK'S STOMACH BITTERS.

ROBACK'S
BLOOD PILLS
CURE
SICK HEADACHE,
Costiveness,
And All Diseases of the Bowels.

DR. ROBACK'S
Blood Pills,
Blood Pills,
AND
BLOOD PURIFIER
ARE UNEQUALLED
FOR CURING
Scrofula, Syphilis, Skin Disease, Old Sores, Salt Rheum, Dyspepsia, or Indigestion,
Sick Headache,
Liver Complaint,
Rheumatism,
FEVER AND AGUE.
St. Anthony's Fire,
FEMALE COMPLAINTS.

GREENBACKS
ARE GOOD,
BUT
It is admitted by our most learned physicians that DR. ROBACK'S BITTERS combine the properties of a gentle laxative, an efficient anti-bilious agent and the best stomachic known to the world.

ROBACK'S
BITTERS should be used by convalescents to strengthen the prostration which always follows acute diseases.
In the bilious districts of the West and South, there has, for a long time, been much needed, an article of Stomach Bitters, which, if taken in proper quantities and at the proper time, are a sure preventative of
Bilious Fever, Fever and Ague, Liver Complaint, Dyspepsia, Indigestion, Jaundice, Kidney Complaints, and all Diseases of a similar nature, and
Are Better
As a preventive for bilious [illegible], regulating the system, and giving tone to the digestive organs, than any other known remedy.
Now that the war is over, [illegible] his life should [illegible] on hand the [illegible] [illegible] Emigrants and all residents of the [illegible] bottoms of the West and South, and all along the Mississippi and its tributaries, should provide themselves with the
BITTERS.

PRINCE, WALTON & CO.,
Successors to Dr. C. W. Roback,
SOLE PROPRIETORS,
To whom all letters should be addressed.
